27 November 2026

Dear Parents Carers

This letter is to keep you up to date with a heating issue we have had in school today. Due to an overnight problem somewhere in the heating system, we have had some areas of school with no heating, whilst other areas of school have been unaffected and have normal heating.

We have engineers on site to try to resolve the issue, but at this point we do not know the full extent of the problem. What we do know is that work will be conducted over the weekend and definitely into Monday that will mean the whole heating system will have to be shut off. Therefore, I am notifying you we will definitely be closed on Monday. Please expect an email on Monday to inform you of the situation, as at this stage there is a possibility we will also be closed on Tuesday.

I apologise for the uncertainty beyond Monday, but I thought that keeping you informed of the situation as soon as I have been made of aware of it was the best and right thing to do.

I would only ever close the school if absolutely necessary.

Please expect an email on Monday afternoon, when a decision will be made on whether we can open on Tuesday or not. This will depend entirely on the engineers work over the weekend and on Monday.

I understand this situation is far from ideal, and I really appreciate your understanding.

Yours Faithfully

M J DUMICAN
