

19 May 2020

Dear Parent/Carer

Following my letter last week, I wanted to reassure you about the level of increased contact that you may have noticed from teachers in school.

As we now know that pupils in Years 7, 8 & 9 will not return to us until September I have asked the teaching staff to get a sense from each of the pupils in their classes where they are up to with their work. This is not intended to cause any stress or anxiety, it is simply to help teachers to gauge future responses and the setting of work.

Whilst we know that the majority of pupils have completed work set by their teachers, some pupils have not communicated this information back to their teachers. Therefore, could I ask for your support in asking your son or daughter to engage with their teachers when they are asked to do so? Your help with this will be greatly appreciated.

Also, I will be writing to parents of our Year 10 pupils shortly to explain the details and the conditions that we will operate under when we welcome them back to school.

Finally, I am delighted to share some really exciting news which is that we will be hosting a **Music Concert** from our website tomorrow - **Wednesday 20 May** from **7.00pm**. Simply go to our website and click on the link to see our fantastically talented pupils perform through songs and musical instruments.

I hope that this will enable us to be together in spirit at a time when we cannot be together in person.

Take care and God bless.

M J DUMICAN
