Pupils will now be entered into a lobby; they can no longer join a lesson automatically without a teacher present.

Pupils will now be presented with the following message, "We've let people in the meeting know you're waiting". While pupils are in the lobby they will not see anyone else joining the lesson.

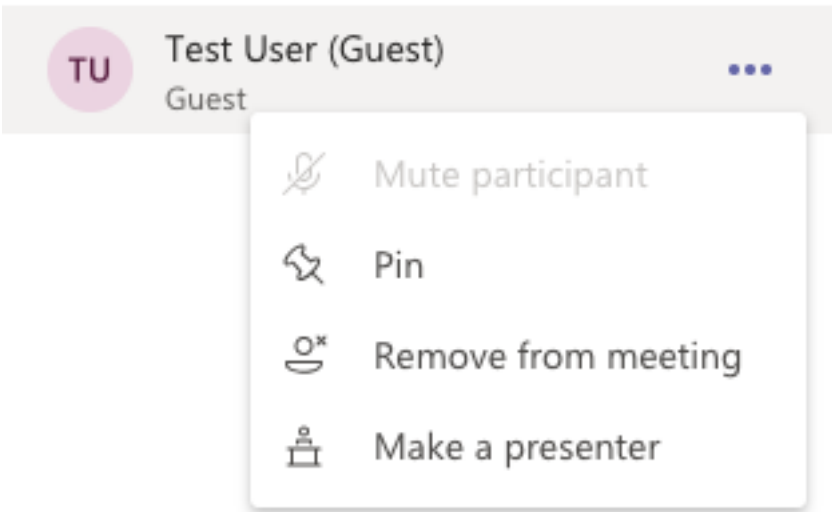

The teacher will now be prompted with an option to admit each child into the class when they are ready.

You can also view everyone waiting to join the meeting by clicking the people icon.

    🎤 Make a presenter

Pupils can be removed from a live lesson by clicking the 3 dots next to their name.
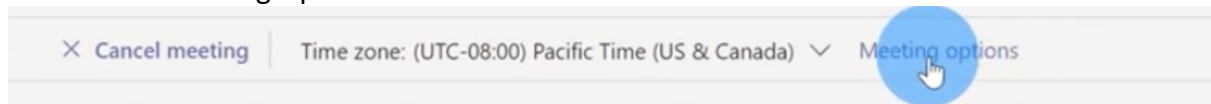

If a pupil attempts to rejoin, they will be placed back in the lobby and can no longer disrupt the lesson.
