

### **Friends of St Gregory's Real Christmas Trees.**

**Order a top quality tree, save money and raise money!**

**All proceeds to Friends of St Gregory's**

We are overjoyed to be able to offer you the best trees in the country for a fraction of what they would retail at (think major upmarket retailer).

The trees are top quality Nordmann Fir Christmas trees, the most luxurious Christmas trees you will find. With a magical Christmassy scent, the Nordmann Fir Christmas tree has become the most popular real Christmas tree in the UK over the past few years because of its strong bushy branches, beautiful soft foliage and symmetrical shape. Nordmann Fir Christmas trees have excellent needle retention and are the ideal family Christmas tree. This has been verified by our previous years' customers.

The order form attached shows what sizes are available to order and what you would expect to pay if buying through a normal retailer (please remember these are the highest quality you can buy) and what you will pay when ordering through us.

**This offer is open to anyone so please tell your family and friends. The more trees we sell the more we can raise for our school.**

**Where possible please place orders can be placed online via**
