<https://explorify.wellcome.ac.uk>

For: Primary Science

**What: Science Whiteboard Resources and Activities**

Sworn by Primary teachers as one of their favourite and most used resource sites, this site offers 5 step activities for a range of different Science topics, including light, electricity, animals, plants, space and rocks – to name a few! Most topics come with either a video or picture exercise.

<https://www.bbc.com/education>

For: Primary and Secondary – All subjects all key stages

What: Learner/Curriculum guides, Revision notes and Online Tests

With segregated topics, key stages and exam boards, BBC Bitesize will tailor the information it gives you depending on the exam board you are using to give you the best suited information, tasks and tests.

BBC Primary School [http://www.bbc.co.uk/schools/websites/4\\_11/](http://www.bbc.co.uk/schools/websites/4_11/)

The BBC's primary school website is an ideal learning resource for children ages 4-11 years old. What's great about this website is that it breaks down the curriculum topic by topic, offering a variety of different ways to learn about them. From languages and literacy to history and PSHE- this site really does cover everything!

Brain Pop <https://www.brainpop.com/>

The amount of educational resources on Brain Pop is VERY impressive, with topics covering everything from science and English to health and art. There are loads of games and activities to choose from that are all guaranteed to help your children learn at the same time as having fun.

Twinkl <https://www.twinkl.co.uk/offer> Huge range of resources and extracurricular activities from Early Years to KS4, English as an additional language and SEND. Currently offering a free month ultimate membership using the offer code:
