SOCKTOBER APPEAL

Dear Parents

This year again, we will be collecting SOCKS for SOCKTOBER- for the Mad Dog Street Project for homeless people in Manchester. Your response last year was fantastic, and all donations were gratefully received.

This means we will be asking you to donate new socks that we can send to be distributed to the homeless in Manchester

All socks that are collected will go out onto the streets and make a massive difference for the homeless people of Manchester. Dry feet are so important and keep spirits up. There have been a lot of incidents of trench foot lately and fresh socks can help stop infections and make life so much more comfortable over the next few cold and wet months!

Mad Dogs have also asked us for any new underwear donations too : medium male ad small female - new obviously!

Thank you so much to everyone for your support - we can all make such a difference.
