

St Hugh of Lincoln Critical Worker Request Childcare Form

As you are aware we are requested to provide 'child care' to Critical Workers and vulnerable children as identified on the Government's list. However due to restrictions in numbers and having to work in 'class bubbles' we will reserve the right to evaluate each application and do not guarantee places. As a result we will assess on need and availability of your child care needs and other options. Priority will be given to families where **both parents are critical workers**. We are not here to provide childcare for parents who are not key workers.

Please note that any children given a place in school will not be taught by the class teacher. The teacher will be providing online learning for the rest of the class. Children attending school will be supervised by staff while accessing the online learning set by the teacher.

To help us plan for this we need the following information.

Name of Child: _____

Mothers Occupation: _____

Address Where Employed: _____

Working Days: _____

Fathers/Partners Occupation: _____

Address Where Employed: _____

Working Days: _____

If only one parent is a Key Worker please explain why the other parent cannot provide childcare:

Please also document here why other childcare is not available to you:
