

Hi everyone,

It was lovely to speak to so many of you this week on the telephone and I can't wait to see you on Friday 10<sup>th</sup> July. It will be a fun day and chance to catch up with your friends in class so please try and make it if you can. See Mr Mountcastles letter on Friday for more information and remember to wear your own clothes and trainers and bring a packed lunch too – let's hope the weather brightens up and we can do something sporty in the afternoon.

I hope you enjoyed creating your own planets, spaceships and aliens last week; I can't wait to read your stories in your books – Remember if you need another exercise book to call in at the school reception and get one.

This week's learning is all about The World and food from different countries. You'll be writing instructions for recipes using bossy verbs like we've done in class. You'll be reading a book called Tasty Travels which includes recipes of foods from different countries. You'll also be researching and writing facts about different countries like describing things like:-

- Where in the world is it?
- What is the climate like? (Climate is about the temperature, weather and how hot or cold a place is).
- How many people live there, this is called population
- What is the capital city?
- What is the national food?
- What is the flag like you might even draw a picture of the flag.

There are some fun Geography and World Food quizzes and games on:

<https://www.bbc.co.uk/cbbc/quizzes/map-master-world-food-finder>

Find out .....

1. Which chocolate bar are you? I'm a chewy caramel bar.
2. Which ice cream flavour are you? I'm a strawberry waffle cone with sprinkles.

Have fun and I'll see you soon!

Love from Mrs Danby & Mrs Willows
