

St Joseph's Catholic Primary School

'Following Jesus in all we do'

Early Help for Children and Families

Our Early Help Offer

Revised September 2020

At St Joseph's Catholic School Worcester, we recognise the challenges that families face in bringing up children. There may be times when you need extra help and support. If this is the case please come and talk to us. There are many ways in which we can help as outlined in this offer of early help. We can help to plan specific support for families by following the Early Help Pathway, meaning we can carry out a whole family early help assessment where extra support is identified. We will work with you as a family to work together to set and achieve positive outcomes in a family plan

The diagram below shows the range of needs at different levels. We use this graduated approach to make sure we provide the best support for different families' individual situations.

Providing early help to our pupils and families at St Joseph's means we are more effective in promoting support as soon as we can. Early help means providing support as soon as a problem emerges, at any point in a child's life, from the foundation years through to teenage years.

St Joseph's Catholic Primary School

Early Help for Children and Families

Context of the School

St. Joseph's serves the Catholic parish of St. Joseph's Warndon and has strong community links with the parish and other Catholic schools in Worcestershire, as well as nearby state schools serving the same community, striving to fulfil our mission statement of *'Following Jesus in all we do'*. Although previously a one-form entry school, we are expanding under 'basic need' criteria to be a two-form entry primary and this will be reached September 2020

There are now 391 pupils on roll; 66% of those pupils are baptised Catholic children. We have 58 pupils (15%) eligible for pupil premium funding; a number that has remains at a similar level each year but is still below the national average. The percentage of EAL pupils now exceeds the national average at 45% (71 pupils at KS1; 100 pupils at KS2). The Catholic Polish community each make up 21% of the school. 7% of our pupils receive registered SEND support which is below the national average; 1 pupil has an EHCP.

Child Sexual Exploitation

All staff at St Joseph's have been trained to identify early cases of child sexual exploitation. At school we use the CSE Screening tool if we have concerns.

Team Teach Behaviour Training

All staff at St Joseph's have been trained to safely deal with any physical aggression shown by pupils

All staff have and do receive regular and up to date training. All staff know how to identify if a child may be at risk and report concerns. They know the signs to look for and most importantly how to refer, following the schools safeguarding procedures.

At St Joseph's Catholic Primary School and Pre School we meet the needs of our children through a variety of ways:

Strong safeguarding culture within the school led by a strong Safeguarding team confident in liaising with other agencies that support the pupils such as Children's Social Care Services, Child and Adult Mental Health Service (CAMHS), Educational Psychology Service and those agencies involved in the safeguarding of children;

Early Help for Children and Families

In **Keeping Children Safe in Education 2020** it makes it clear that ALL staff should be aware of their local early help process and understand their role in it. In addition, this statutory document makes it clear that any child may benefit from early help, but all school and college staff should be particularly alert to the potential need for early help for a child who:

- Is disabled and has specific additional needs;
- Has special educational needs (whether or not they have a statutory education, health care plan);
- Is a young carer;
- Is showing signs of being drawn in to anti-social or criminal behaviour, including gang involvement and association with organised crime groups;
- Is frequently missing/goes missing from care or from home;
- Is misusing drugs or alcohol themselves;
- Is at risk of modern slavery, trafficking or exploitation;
- Is in a family circumstance present challenges for the child; such as substance abuse, adult mental health problems or domestic abuse;
- Has returned home to their family from care;
- Is showing early signs of abuse and/or neglect;
- Is at risk of being radicalised or exploited;
- Is a privately fostered child.

Everyone may need help at some time in their lives and therefore an ethos of early help is important for any school or PRU.

The coordinated St Joseph's Catholic Primary Worcester, offer of Early Help is outlined in the table below. We believe that early interventions for children and families, in many cases, will prevent needs from escalating into statutory services.

All St Joseph's Catholic Primary Worcester, staff are aware of the St Joseph's offer of early help. At all times, staff will consider if there is any offer of early help that we can make in order to help a child thrive through using the Early Help Pathway.

We also liaise with other agencies and people within the local community. In the table below are some National organisations that can support children, young people and their families

Early Help for Children and Families

Our Early Help Offer

Our provision for Early Help at St Joseph's Catholic School and Pre-School

The coordinated St Joseph's offer of Early Help is outlined in the table below.

Due to the current Covid 19 situation,

We believe that early interventions for children or families, in many cases, will prevent children from experiencing harm.

As a school, we ensure all staff and volunteers are alert to the potential need for early help by:

Where necessary we help with supplying uniform / PE Kit / lunches

We support with housing, cot beds, prams – essential equipment at home as necessary.

We will speak to external agencies on parents' behalf

For Pupil Premium children, where necessary, we fund wrap around care sessions and holiday clubs to help parents

We provide a place of reflection in our nurture room for group sessions, but also for talking and listening to parents.

We provide internal family support and counselling with home visit opportunities

Ensuring all are aware of those children whose vulnerabilities may indicate a greater need and are aware of the role they may play in supporting other agencies and professionals in an early help assessment;

Ensuring all training for **all** staff is up to date and reviewed regularly

We are a face on the playground as a go to point

We have trained staff to support specific issues

We are rigorous in our monitoring and addressing concerning attendance issues, liaising regularly with the EWO

One to one nurture is an endemic part of our curriculum for our children.

All group work will be delivered in line with Government guidelines.

Work will be delivered to children in the same bubbles

Limited use of the Nurture room due to soft furnishings

St Joseph's Catholic Primary School

'Following Jesus in all we do'

Early Help for Children and Families

Nurture education will be priority across the whole school from September
