Dear Parents/Carers

Two are better than one, because they have a good reward for their toil.
Ecclesiastes 4:9

In light of the current national situation, we are determined to be as prepared as we can be in the event of school closure or year group bubbles being sent home. This will involve a home learning scheme which children can follow during the normal school day. More information will follow on how this will be accessed.

In order to allow us to make this provision effective, we need to understand the provision that children have at home to access remote learning. Please could you complete this form and return to your child's class teacher by Monday 9th November 2020, either via the class email or in the child's book bag.

In addition to this, please could you contact your child's class teacher by email, **using the relevant address on their year group website page**. This is so they have a record of your email address for future contact in the event of any school closure or remote learning within year groups.

Also sent with this is a copy of our Remote Learning Policy and importantly in Appendix B of the policy, flow charts showing your responsibility as a parent in the event of any isolation or lockdown situation. I cannot stress enough how important all of this is. We are working hard in school to provide the best we can and we need to work together, to be able to continue to provide high quality teaching, learning and feedback for your children.

Please can you ensure that you respond to this letter and also take the time to read the policy and flowcharts.

Can I please remind you again that you must inform us of any absence and the reason for it as a matter of priority.

Yours in faith and partnership

Mrs Louise Bury
