**Commitment to Equality:**

We are committed to providing a positive working environment which is free from prejudice and unlawful discrimination and any form of harassment, bullying or victimisation. We have developed a number of key policies to ensure that the principles of Catholic Social Teaching in relation to human dignity and dignity in work become embedded into every aspect of school life and these policies are reviewed regularly in this regard.

**This Safeguarding and Child Protection Policy Statement has been approved and adopted by Emmaus Catholic Multi Academy Company on 1<sup>st</sup> September 2024 and will be reviewed in August 2025.**

Signed by Director of Emmaus MAC: *J Griffin*

**Schools to which this policy relates:**

**This policy relates to all Emmaus schools.**

## 1. INTRODUCTION

Emmaus Catholic Multi Academy Company (MAC) Directors have overall strategic leadership responsibility for the MAC schools' safeguarding arrangements and will ensure that they comply with their duties under legislation. The Board of Directors delegates the responsibility for ensuring safeguarding compliance to the Local Governing Body of each individual MAC school who will ensure that the policies, procedures and training in their schools are effective and comply with the law at all times. Principals will ensure that the policies and procedures, adopted by their Local Governing Body (particularly those concerning referrals of cases of suspected abuse and neglect), are understood, and followed by all staff.

The Board of Directors has a lead member who takes responsibility for overall safeguarding within the MAC. Each school has a lead Local Governing Body member who takes overall responsibility for the individual school's safeguarding.

Emmaus Catholic Multi Academy Company Board of Directors and Local Governing Body members will ensure that all Directors and Local Governing Body members receive appropriate safeguarding and child protection (including online) training at induction. This training will equip them with the knowledge to provide strategic challenge to test and assure themselves that the safeguarding policies and procedures in place within the MAC and in schools are effective and support the delivery of a robust whole school approach to safeguarding. Their training will be regularly updated in line with statutory requirements and best practice.

Each school within Emmaus Catholic Multi Academy Company has a whole school approach to safeguarding and maintains a local policy and set of procedures for safeguarding and protecting children, that take into account contextual arrangements and issues, which may impact on the safety and welfare of our young people, in line with best practice. These policies and procedures, which are a child centred approach to safeguarding, outline how each school delivers safeguarding at a local level, as advised by the local authority safeguarding advisors and partners.

This document provides the Safeguarding and Child Protection Policy Statement for the whole company and is the framework against which each local school is delivering. The Safeguarding and Child Protection Policy Statement will be reviewed at least annually by the Board of Directors. Each Local Governing Body will ensure that the school has its own contextual safeguarding and child protection policy and procedures, which it will review at least annually in line with the most recent edition of *Keeping Children Safe in Education* and other relevant statutory guidance. The Board of Directors will also ratify each school's policy.

Local policies and procedures are made available on each respective school website and reflect the relevant Local Safeguarding Partnership's advice and guidance. Hard copies of the documents are also made available, on request, from each school. Parents and carers will also be informed of the policy and the local school procedure when their children join the school and updates will be provided through school newsletters and other briefings.

The Emmaus Catholic MAC Safeguarding and Child Protection Policy Statement is provided to all staff at induction alongside our Staff Code of Conduct and all staff are appraised with the most recent version of '**Keeping Children in Safe in Education (KCSIE)**' and other relevant documents and training as outlined in our MAC Staff Induction pack. Staff also receive regular updates and training during their employment in line with statutory guidance.

- 1) The aim of the Emmaus Catholic Multi Academy Company's Safeguarding and Child Protection Policy Statement is to ensure that every child who is a registered pupil at one of our schools is safe and protected from harm. This means we will always work to:
  - Provide help and support to meet the needs of children as soon as problems emerge.
  - Protect children in our schools from maltreatment, whether that is within or outside the home, including online.
  - Prevent impairment of children's mental or physical health or development.
  - Ensure that children at our schools grow up in circumstances consistent with the provision of safe and effective care.
  - Take action to enable all children to have the best outcomes.
  - Educate our young people to empower them to identify, respond to and report risk.
- 2) Each school will maintain their own specific and contextual policy and procedures which will give direction to staff, volunteers, visitors and parents about expected legal responsibility to safeguard and promote the welfare of children.
- 3) These school procedures will reference this policy and the guidance provided by the relevant local authority safeguarding advisors and safeguarding partners in the geographical area the school is located in.
- 4) Each school will maintain and implement a Safer Recruitment procedure for the appointment of new staff in accordance with the statutory guidance in Part 3 of KCSIE.

The child's welfare is of paramount importance. We will establish and maintain an ethos where pupils feel secure, are encouraged to talk, are listened to and are safe. Children will be encouraged to be able to talk freely to any member of staff at our schools if they are worried or have concerns about something.

Everyone who comes in contact with children and their families has a role to play in safeguarding children. We recognise that staff and volunteers who are in positions of trust in schools play a particularly important role as they can identify concerns early and provide help for children to prevent concerns from escalating. All staff are advised to maintain an attitude of 'it could happen here' where safeguarding and protection is concerned. All staff members must always act in the best interests of the child's welfare.

All staff, Directors, Local Governing Body members, volunteers and visitors will, through information giving, training and induction know how to recognise indicators of concern, how to respond to a disclosure from a child and how to record and report on this information. We will not make promises to any child and we will not keep secrets. Every child will know what the adult will have to do with any information they have chosen to disclose.

Throughout the curriculum we will provide activities and opportunities for children to develop the skills they need to identify risks and stay safe. They will also be extended to include material that will encourage our children to develop essential life skills.

We will work in partnership to establish and maintain effective working relationship with parents, carers and colleagues from other agencies as advised in the most recent versions of **Keeping Children Safe in Education (KCSIE)** and such DfE guidance as **'Working Together to Safeguard Children'**.
