	If you are undertaking Lateral Flow Device (LFD) testing on site a risk assessment around this process, the premises and staff has been completed and control measures are in place.	NA	
			cleaners to focus on this. Alan is ensuring that we come into a clean school daily and is fogging the whole school every night. To enable this to happen, can I please ask staff to be off site by 5.00pm at the latest but please then do not linger in school. Staying later makes it so difficult for Alan to get round but also at the moment you need to be out of your classroom to avoid viral load.
1.7	In a boarding school, the child self isolates in their boarding house or, if of greater benefit, some children may self-isolate at home.	NA	
1.8	The routine taking of temperatures is NOT occurring in school.	Yes	
1.9	<b>The names or details of people with coronavirus (COVID-19) are not shared unless it is deemed essential to protect others - <i>this would normally be in consultation with a Public Health Consultant.</i></b>	Yes	
1.10	<b>Supply teachers, peripatetic teachers and other temporary staff are participating in schools' rapid testing programmes if in operation</b>	NA	<b>All visiting staff are asked to LFT before visiting the school and wear a face covering</b>
2.	<b>Area of Prevention:</b> Robust hand and respiratory hygiene - the new variant is as easy to remove from the skin as the original variant.		
2.1	<b>Pupils and staff clean their hands regularly, including when;</b> a) they arrive at school b) when they return from breaks c) when they change rooms and	Yes	These actions are maintained within the daily routine for all children and staff.

SCHOOLS RISK ASSESSMENT CHECKLIST V2 January 2021

Ref.	Check point – Question: Are you sure that ... (ask yourself - how do I know?)	Are you complying? Y/N/Unsure – check against the guidance.	Note any action needed (including what, who, by when)
	If you are undertaking Lateral Flow Device (LFD) testing on site a risk assessment around this process, the premises and staff has been completed and control measures are in place.	NA	
	<b>d) before and after eating</b>		<b>Hand sanitiser is at both entrances to the school for visitors and staff</b>
2.2	<b>The school has enough hand washing or hand sanitiser ‘stations’ available so that all pupils and staff can clean their hands regularly (consider how to avoid queueing).</b>	Yes	All relevant equipment and PPE is in every classroom and remains readily available.
2.3	<b>Young children and pupils with complex needs are helped to clean their hands properly</b>	Yes	All 1:1 staff and staff in general, ensure that any children who need that support to check hands are clean
2.4	<b>The school culture is building hand washing and respiratory hygiene practices into and behaviour expectations are supported.</b>	Yes	
2.5	<b>The school is helping ensure younger children and those with complex needs understand the need to follow good hand and respiratory hygiene practices.</b>	Yes	
2.6	<b>The school has enough tissues and lidded bins available</b>	Yes	
2.7	<b>Pupils with complex needs, for example, those who spit uncontrollably or use saliva as a sensory stimulant....</b> a) are supported b) as are the staff working with them	NA	
2.8	<b>There is a process for removing face coverings when pupils who use face coverings arrive at school and when face coverings are worn at school in communal areas. Face coverings are optional, any child who chooses to wear one can and must inform their teacher.</b>	Yes	Children are responsible for putting their own face coverings on and storing them in a sealed bag.
2.9	<b>There is a process for removing face coverings when staff who use face coverings arrive at school and when face coverings are worn at school in communal areas. Face coverings are optional, any member of staff can choose to wear one if they prefer.</b>	Yes	<b>Face coverings are recommended for staff to wear in ALL communal areas and corridors around the school unless they hold an</b>

	If you are undertaking Lateral Flow Device (LFD) testing on site a risk assessment around this process, the premises and staff has been completed and control measures are in place.	NA	
4.7	<b>Where possible a record of pupils and staff in each group, and any close contact that takes places between children and staff in different groups is available</b>	Yes	The Government guidance is followed and close contacts (vaccinated staff, children) continue to attend school unless positive or showing symptoms– see guidance Attendance update <a href="#">Recording Non - Attendance update</a>
4.8	<b>You know not to request evidence of negative test results or other medical evidence before admitting children or welcoming them back after self-isolation.</b>	Yes	However parents are confirming results with us as part of our management of Covid cases in school. Also LFT results
5.	<b>Area of Prevention: Formal consideration of how to maintain and sustain a safe return to school</b>		
5.1	<b>It is no longer recommend that it is necessary to keep children in consistent groups ‘bubbles’. This means that full assemblies can resume, and you no longer need to make alternative arrangements to avoid mixing at lunch.</b>	Yes	All staggered times are being maintained and daily structures continue to be in place. Lunchtimes remain the same. Children will be allowed to mix across year groups (Y5/6; Y3/4 Y1/2/R) for playtime. Gospel Assemblies will continue to take place with year groups. Friday assembly for key stages. Always in hall well ventilated. Masses two year groups distanced in hall. Staff, if comfioratble will continue to deliver their interventions in other year groups. Children are still encouraged to keep their distance within their groups  <b>25<sup>th</sup> January Update</b> We will be operating bubbles again: Reception Year 1

	If you are undertaking Lateral Flow Device (LFD) testing on site a risk assessment around this process, the premises and staff has been completed and control measures are in place.	NA	
			leave dirty crockery in the sink, I cannot stress this enough.
5.20	<b>You have considered staggered start and finish times and their place in the current situation</b>	Yes	Maintained to allow for less crowding both outside the gates and by children coming into school. Parents not congregating on site at present. This remains under review.
5.21	<b>You have communicated with parents ...</b> a) process that has been agreed for drop off and collection b) gathering at the school gates is not allowed c) coming onto the site without an appointment is not allowed	Yes	Parent letter sent on 2 <sup>nd</sup> and 9 <sup>th</sup> September reiterating key messages. Regular updates are sent and parent zoom
5.22	<b>Supply teachers, peripatetic teachers and other temporary staff minimise contact and maintain as much distance as possible from other staff</b>	Yes	The wearing of face coverings is requested.
5.23	<b>Site guidance on physical distancing and hygiene is explained to visitors on or before arrival</b>	Yes	All hygiene procedures maintained
5.24	<b>Visits happen outside of school hours if they can</b>	Yes	Parents can come into school during the day with appointment and face covering optional. Try to maintain contractors visits after school where possible to minimise risk
5.25	<b>A record is kept of all visitors</b>	Yes	
5.26	<b>For dual registered pupils, a system of controls has been agreed collaboratively</b>	NA	
5.27	<b>Staff and pupils have their own items (pens, pencils etc) that are not shared</b>	Yes	This has been relaxed slightly but staff are mindful and always wipe down equipment to maintain hygiene standards
5.28	<b>Classroom based resources, such as books and games, which are shared within the bubble are cleaned regularly, along with all frequently touched surfaces</b>	Yes	

SCHOOLS RISK ASSESSMENT CHECKLIST V2 January 2021

Ref.	Check point – Question: Are you sure that ... (ask yourself - how do I know?)	Are you complying? Y/N/Unsure – check against the guidance.	Note any action needed (including what, who, by when)
	If you are undertaking Lateral Flow Device (LFD) testing on site a risk assessment around this process, the premises and staff has been completed and control measures are in place.	NA	
5.29	<b>Resources that are shared between classes or bubbles, such as sports, art and science equipment are cleaned frequently and meticulously and always between bubbles, or rotated to allow them to be left unused and out of reach for a period of 48 hours (72 hours for plastics) between use by different bubbles</b>	Yes	Hygiene procedures are maintained
5.30	<b>Outdoor playground equipment is cleaned more frequently</b>	Yes	
5.31	<b>Pupils are limited to the amount of equipment they bring into school each day, to essentials such as lunch boxes, hats, coats, books, stationery and mobile phones</b>	Yes	
5.32	<b>Unnecessary sharing of resources (staff and pupils) is avoided, cleaning of the resources and rotation should apply</b>  <i>Maintain caution and awareness in use of equipment and ensuring it is wiped down.</i>	Yes	Staff are asked to only make their own drink and all common touch services are cleaned before and after use.
6.	<b>Area of Prevention:</b> Communication with your staff and supporting their well being		
6.1	You have in place team meetings/webinars and reminders directing all staff to government guidance on COVID-19 symptoms and protection measures in schools and obtained confirmation that it has been read	Yes	
6.2	You are regularly communicating to staff – group and/or individually – regarding their physical and mental wellbeing, including directing them to available resources for individual support	Yes	Staff survey; daily thought from HT; updates and support via email and with line managers etc
6.3	<i>Staff meetings/celebrations are held virtually - a specific risk assessment is undertaken to justify face to face staff or team meetings.</i>	Yes	
7.	<b>Area of Prevention:</b> Supporting Clinically Vulnerable, Clinically Extremely Vulnerable and BAME staff		
7.1	Clinically Vulnerable:  If individuals cannot work from home, they have been offered the safest available on-site roles, staying 2 metres away from others wherever possible.	Yes	All individual Risk assessments are continually reviewed and updated as necessary.

Ref.	Check point – Question: Are you sure that ... (ask yourself - how do I know?)	Are you complying? Y/N/Unsure – check against the guidance.	Note any action needed (including what, who, by when)
	If you are undertaking Lateral Flow Device (LFD) testing on site a risk assessment around this process, the premises and staff has been completed and control measures are in place.	NA	
	<p>If this is not possible or an individual chooses to take on a role that does not allow for this 2-metre distance, you have carefully assessed and discussed with them whether this involves an acceptable level of risk and undertaken and recorded a risk assessment with them.</p> <p>Schools should <b>not adopt a blanket approach for all staff</b>; it is very important to take an <b>individual approach</b>, to listen to the reasons provided by each member of staff for believing they are in danger and take account of individual situations.</p> <p>The guidance indicates that this group should be especially careful and be diligent about social distancing and hand hygiene.</p>		
7.2	<p>Clinically Extremely Vulnerable:</p> <p>From 5 January 2021 advice for clinically extremely vulnerable people has changed and shielding has been reintroduced for staff in this category as below:</p> <p>Staff in this position are advised <b>not</b> to attend school (they should be receiving a letter from their medical practitioner confirming this is the case).</p>	Yes	Each case is looked at separately and risk assessed in line with the new guidance in links at beginning of this document

SCHOOLS RISK ASSESSMENT CHECKLIST V2 January 2021

Ref.	Check point – Question: Are you sure that ... (ask yourself - how do I know?)	Are you complying? Y/N/Unsure – check against the guidance.	Note any action needed (including what, who, by when)
	If you are undertaking Lateral Flow Device (LFD) testing on site a risk assessment around this process, the premises and staff has been completed and control measures are in place.	NA	
	The government are still strongly advising people, including education staff, who are clinically extremely vulnerable (CEV) 'shielded' to rigorously follow shielding measures in order to keep themselves safe. They should work from home, this may include redeployment to alternative work, or if that is not possible have paid absence.		
7.3	<p>Black, Asian and Minority Ethnic (BAME):</p> <p>You are following the below guidance: In light of the on-going work arising from research, advice to schools is to <b>include BAME staff in the category of 'clinically vulnerable staff' and undertake individual risk assessments for those staff working in schools.</b></p> <p>If individuals cannot work from home, they are offered the safest available on-site roles, staying 2 metres away from others wherever possible.</p> <p>If this is not possible or an individual chooses to take on a role that does not allow for this 2-metre distance have you carefully assessed and discussed with them whether this involves an acceptable level of risk and undertaken and recorded a risk assessment with them</p> <p>The guidance indicates that this group should be especially careful and be diligent about social distancing and hand hygiene.</p> <p>Schools should <b>not adopt a blanket approach for all staff</b>; it is very important to take an <b>individual approach</b>, to listen to the reasons provided by each member of staff for believing they are in danger and take account of individual situations.</p>	Yes	Each case is looked at separately and risk assessed in line with the new guidance in links at beginning of this document

	If you are undertaking Lateral Flow Device (LFD) testing on site a risk assessment around this process, the premises and staff has been completed and control measures are in place.	NA	
7.4	Pregnant CEV Staff:  You are following the above guidance: Pregnant women who are 28 weeks pregnant and beyond or pregnant women who have underlying health conditions that place them at greater risk of severe illness from Covid-19 at any gestation, a more precautionary approach should be taken; <b>these staff are considered to be clinically extremely vulnerable</b>	Yes	Each case is looked at separately and risk assessed in line with the new guidance in links at beginning of this document
8.	<b>Area of Prevention: Health &amp; Safety Protocols</b>		
8.1	Protocols for using facilities are displayed	Yes	
8.2	All relevant policies and plans are regularly updated with regard to COVID-19 measures and shared appropriately, e.g. fire evacuation, first aid, statutory compliance testing continues	Yes	
8.3	Risk assessments are regularly reviewed and updated in light of changing guidance and circumstances, updated documents are appropriately signed off within the school and shared as appropriate	Yes	Regularly reviewed but in-depth review half termly and as needed.
