Practical

I am thinking of a coin...

I am silver

I am round

I am small

What coin am I?

I am thinking of a coin...

I am big

I am round and silver

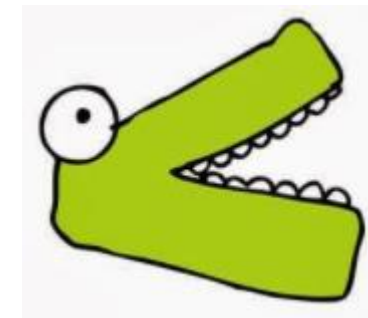

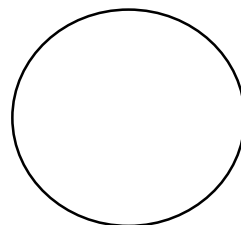

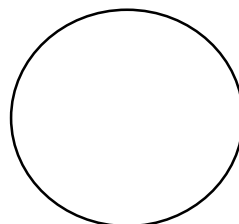

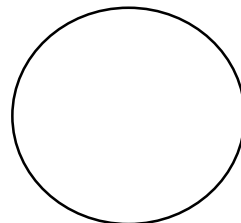

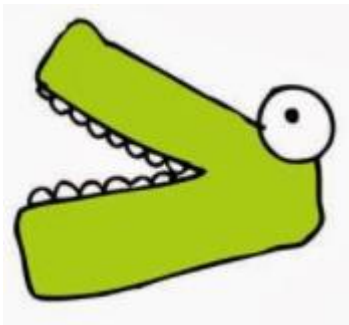

I have the highest value

I am also gold

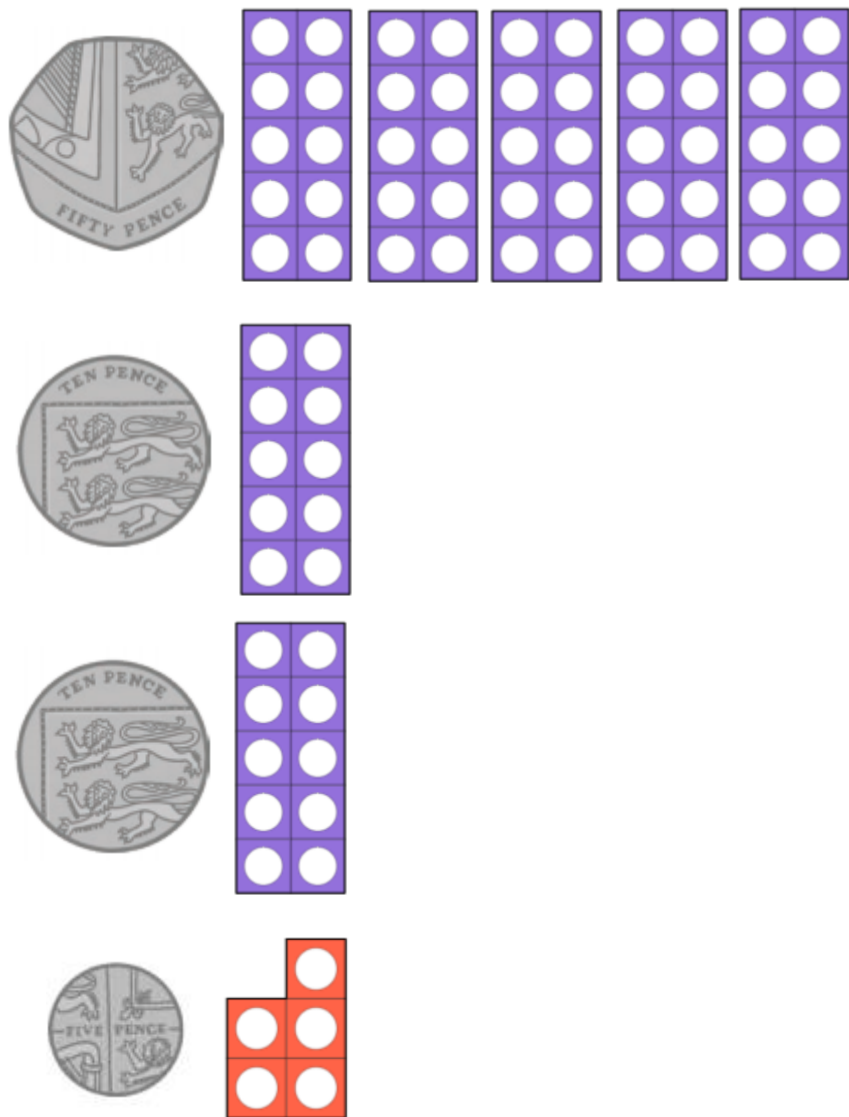

What coin am I?

Comparing values

How much pocket money do I have?

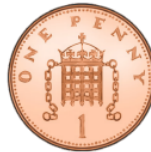

Wednesday

Making Money

Miss Owen, has completely forgotten how to order the coins in order of their value from lowest to highest.

Can you order your coins for me?

Isabelle has these coins...

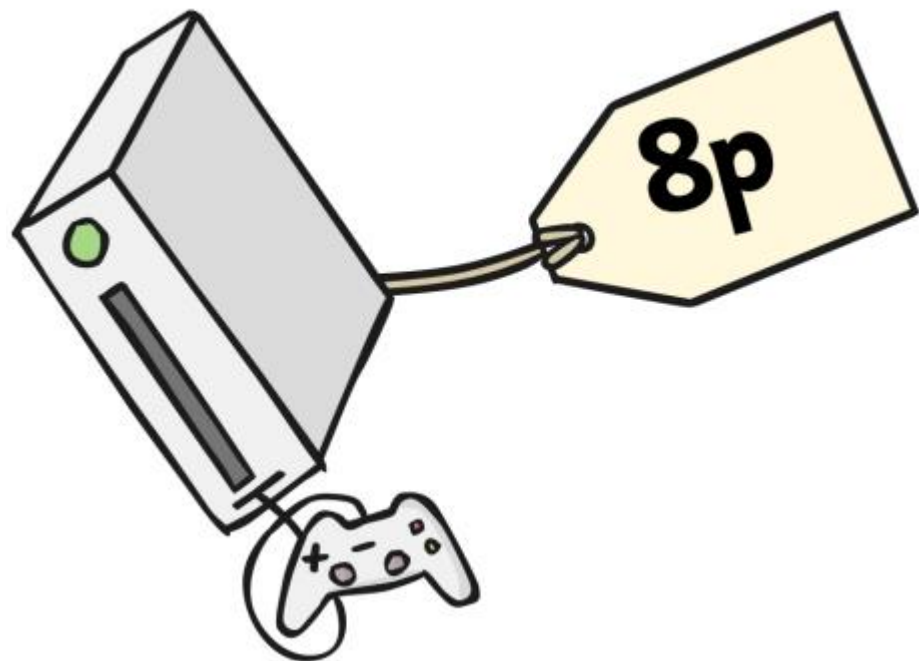

Isabelle thinks she has the most because she **more** coins than her brother.

Freddie has these coins...

Freddie thinks he has the most money because he says his 2 coins are **worth more**.

Who is right? Can you explain how you know?

Miss Owen really wants to buy this games console.
Can you help her count out how much money she
will need?
