

Make your own bat box

What you need:

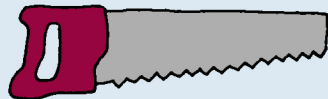

- an adult to help you
- rough cut, untreated timber

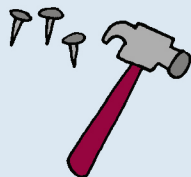

- tape measure and pencil

- saw

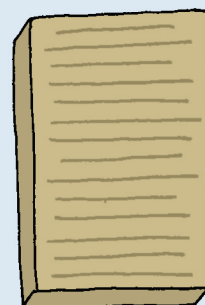

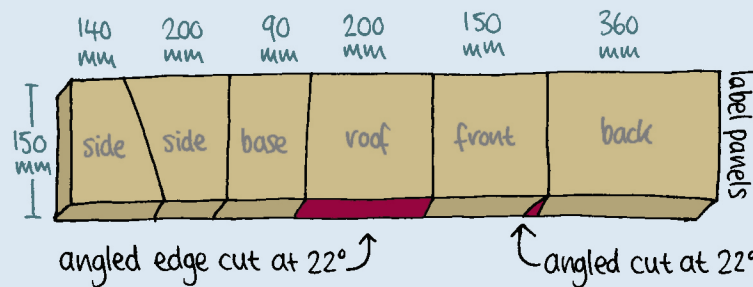

- hammer and nails

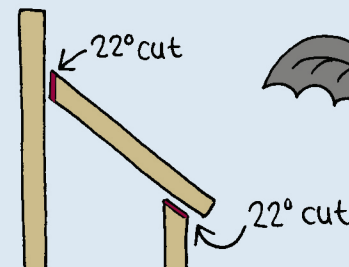

- rubber flap

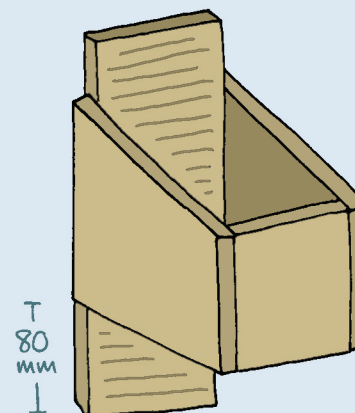

- odourless wood glue (optional)

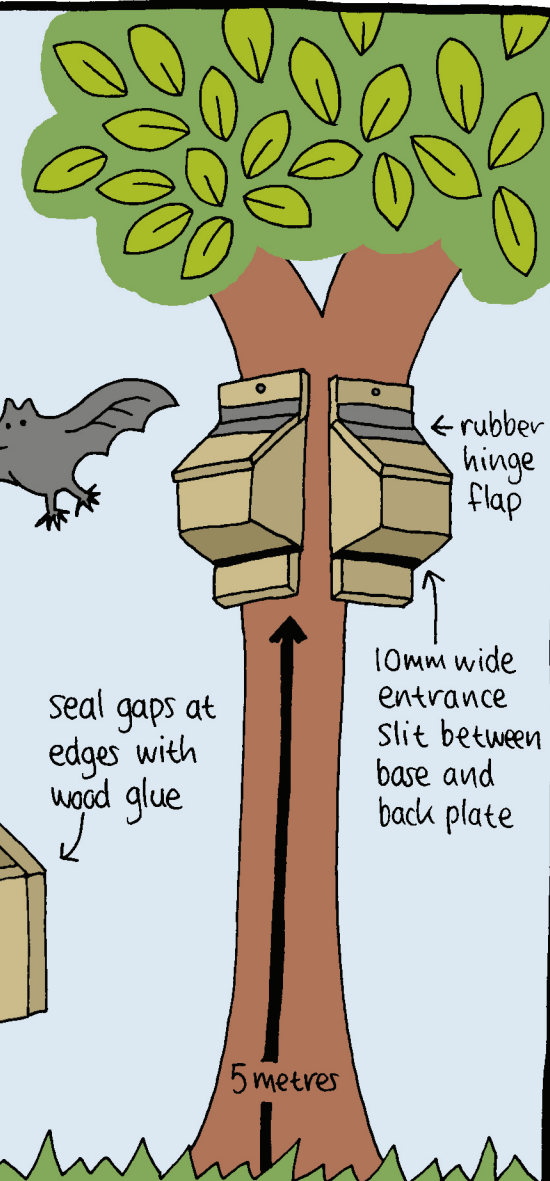

roughen back plate
with 1mm deep
cuts every 10mm

IMPORTANT
Do not use wood
stain or preservative
anywhere on box

seal gaps at
edges with
wood glue

IT IS ILLEGAL TO DISTURB BATS WITHOUT A LICENSE - DO NOT INSPECT BOXES IF YOU THINK BATS ARE USING THEM

Look for droppings below
to check for occupancy
