QUIZ ME QUESTIONS

SCIENCE

Materials

Can you sort your recycling at home into plastic and cardboard?

What words describe these materials (strong, waterproof, flexible and/or stiff)?

What items are made of plastic in your house?

What does flexible mean?

DEAR PARENT

To support children's learning and engagement, we are including a 'Quiz Me Question' grid to help you ask your child about what they are and have been learning at school.

We hope the questions will help you engage in meaningful chat with your child about their learning at school and encourage them to do a variety of things including: -

- Describe key aspects of what they have been learning
- Recall key facts and knowledge
- Explain how something works and, if appropriate, demonstrate their skill in this area
- Analyse their thoughts and responses with you in greater detail and begin to ask further questions to deepen their understanding
- Make links with what they already know, have experienced and are able to do

We hope you enjoy talking with your child about their learning in school!

ART

Life in colour

Painting and mixed media

Can you name the primary colours?
Describe how you could make orange.
