QUIZ ME QUESTIONS YEAR 5

ENGLISH

- Why does the hare in The Hare Who Wouldn't Share refuse to share, and how does this affect the other characters?
- How could we describe the hare's feelings and behaviour using powerful vocabulary, similes or metaphors?
- What reasons could we give the hare to persuade him that sharing is important, and what fair solution could we suggest?

SCIENCE

- What are the properties of solids, liquids and gases?
- Which materials are soluble and which are insoluble?
- Demonstrate how mixed materials be separated.
- Can you give an example of an irreversible change?

ST MICHAEL'S C of E PRIMARY SCHOOL

YEAR FIVE

AUTUMN HALF TERM 2 2026

MATHEMATICS

Here are five digit cards.

1	2	5	6	7

Choose two cards each time to make:

- an even number
- a square number
- a prime number
- a multiple of 9
- a factor of 48
- an even square number

- What does "equivalent" mean?
- Can you explain what a mixed number and an improper fraction are?
- How do you find a fraction of an amount?

DEAR PARENT

To help our pupils learn more and remember more, we are including a '***Quiz Me Questions***' grid to help you ask your child about what they are and have been learning at school.

We are including different types of questions and limiting it two or three for each curriculum area.

We hope the questions will help you engage in meaningful chat with your child about their learning at school and encourage them to do a variety of things including: -

Describe key aspects of what they have been learning

Recall key facts and knowledge

Explain how something works and if appropriate demonstrate their skill in this area.

Analyse their thoughts and responses with you in greater detail and begin to ask further questions to further develop their understanding.

Make links with what they already know, have experienced and are able to do.

We hope you enjoy talking with your child about their learning in school!

If you have any questions, please don't hesitate to get in touch.

Miss Blackley

MUSIC

Listen to some blues music…

- Discuss what you like/dislike about it.
- How does it make you feel?

DT

- What kind of flour do you use to make bread?
- What happens to the dough when you leave it to 'prove'?
- Can you make some bread at home? Try a recipe of your own.

"You have only failed if you have given up. Until then, it is called Learning."
