

Year Six Home Learning: Daily Activities

Links to all work can be found below this overview and on Seesaw.

Make sure you also take some time to do some things that you love. You could cook for your family; make a board game; the ideas are endless.

Take care and I will see you very soon.

<u>ENGLISH</u> Reading and Spellings	Please read every day for half an hour. Create a list of your top 10 books to read before leaving primary school. These can be a mixture of text types and can be for any age. You could even present them using a voiceover and images just like the top 10 on the charts.
Literacy	Monday Play the grammar game attached. There will also be a link on Seesaw to help you to practise your knowledge of grammar terminology. Don't worry if you find some bits tricky. Keep persevering. How many prizes can you get? https://www.twinkl.co.uk/go Password - VR0175
	Tuesday Write a letter to your form tutor telling them all about you, your interests, your favourite subjects and strengths. What you are looking forward to and any worries or questions. Make sure it is written with neat, joined writing and shows off all your best punctuation and vocabulary.
	Wednesday Make a mind map with all your memories from Primary School. What have you enjoyed? What funny things have happened? What memories will you keep forever? You could always use the attached activity to help you.
	Thursday Read – 'Our Tiny Feet' Your task over the next 2 days is to plan and write your own poem linked to your time at primary school. Use your mind map from yesterday to help you with your ideas.
	Friday Continue with your poem linked to your time at primary school. Illustrate it and add it to Seesaw.
	Monday 11th Create a wordle of your time at St. Michael's.

<p><u>MATHS</u></p>	<p><u>White Rose Maths</u> – Your maths will be linked to a final baking challenge at the end of the week. Please log onto Seesaw to access the teaching videos.</p> <p>Monday Ratios of baking ingredients</p> <p>Tuesday Which shop will give you the best deal?</p> <p>Wednesday Mathletics</p> <p>Thursday Packaging for your cupcakes</p> <p>Friday Baking time!</p> <p>Monday 11th Mathletics activities will be set for today.</p> <p><u>Times Table Rock Stars</u> Lets see how high we can get on the TTRockstars leader board now we have some time on our hands! Let’s see who really rises to the challenge. Go for it Year 6!</p>
<p><u>TOPIC</u></p>	<p>As we were going to be doing some cycling this week, some of the activities are linked to this. If you have a garden, you could practise using the correct hand signals and maintaining control around some obstacles.</p> <p>I will also upload the words to our songs for our leaver’s DVD on Seesaw so please practise singing those too. We will endeavour to record these on Tuesday!</p> <p>Monday – Look at the PowerPoint on Seesaw about the history of bikes. Design your own bike for the future using the attached information.</p> <p>Tuesday – Learn and match up the attached road signs. Test yourself and a family member on these. Make your own game of snap.</p> <p>Wednesday - Read through the attached highway code – especially the cycling part. Create a poster to tell others how to stay safe when cycling.</p> <p>Thursday and Friday – Create a Powerpoint or video using movie maker etc of your St. Michael’s journey. I will put some photos on Seesaw for you to use. Email your Powerpoint to school or save your video to Seesaw if possible. Can you add some music to it too?</p> <p>Monday 11th – Practise the songs that we are going to record tomorrow! Make a list of everything you are taking to Hawes End. Start to pack your back and tick off everything you put in. Once you have finished, you need to make sure your list goes in your bag too so we don’t lose anything on our travels!</p>
