Our school values: Respect • Kindness • Challenge • Forgiveness • Perseverance

December 2021

Dear Parents

The videos below were shown as part of our 'Internet Safety' week last year during lockdown. They were assemblies for the different year groups in St. Michael's.

Internet safety is of great importance to all of us at St. Michael's, and I know it is also a concern for many of you. I would strongly recommend that you access one of the videos as each one contains very important messages for both our children and we as parents. However, I would encourage you to either watch the assemblies with your children or view them first. This is especially the case for the video aimed at our older children which contains some quite hard-hitting messages. We suggest that you make yourself aware of video's content before your child watches it. These are all videos that we would use in school, but, obviously, not in isolation; they would be backed up with discussion and opportunities for questions.

On the videos, Miss Rowe suggests some follow up activities for the children, please note these are entirely optional, so please do not feel under any pressure to complete them.

If you have any questions or would like any further information please do not hesitate to contact us at school.

Many thanks

Lorna Smith

Mrs L Smith
Acting Headteacher
