

Be Safe, Be Healthy

Online Safety Tips

- Always be kind and respectful to others online
- Make safe choices
- Remember it's ok to say no to people online
- Always tell an adult if anyone or anything online makes you worried, upset or uncomfortable.

Remember to talk to a trusted adult if you are worried about anything happening online.

Running

Well done to all those children from KS2 who have been taking part in our daily run.

Don't forget, KS2 can run for the first 20 minutes of lunchtime on the track.

Just remember your trainers.

Can you see us?

You might have noticed adults on duty wearing some new snazzy jackets this term. These are called high-visibility (hi-vis for short) jackets and we are wearing them to help you see us quickly when you need an adult.

They are also for the adults to see each other easily if they need some help too.

Has it helped you find an adult when you've needed someone?

Pupil Voice

Keeping Safe

I spoke with a group of pupils last half term to ask about safety in school. You can see what they shared on the 'Be Safe' notice board in the KS2 corridor.

Don't forget you can share any worries/ideas in the 'Worry Box' - remember to put your name on if you want an adult to talk to about your worry/idea.

School Dinners

We are getting a new school meal provider (Dolce) with a new menu, all the food will be cooked fresh in our kitchen.

We can't wait for you to try these tasty meals.

We will also be helping children on packed lunches to choose healthy options for their lunches too.
