

Going back to
Pre-school.

The Government has said it is safe to go back to pre-school. My friends and Key persons will be pleased to see me.

I will try to remember the routine and what I need to take with me each day. My mummy and daddy will help me with this.

It might take me time to get used to the pre-school routine again and what my pre-school looks like. I may have my lunches at pre-school but maybe not with all my friends.

Pre-school might feel different to home, it may smell different and there will be different noises. This is ok. If it does feel different, I will try to ask an adult to help.

Some children will return to pre-school. Going back is important so that all children can continue to play and learn.
