

i. Focusing on English (Speaking and Listening) and Computing

St Nicholas School in Canterbury has pupils with similar needs as those at Abbey Court (they also have MLD pupils that equate to our 'Higher Achievers' or more able). It has been useful to compare pupil progress data with St Nicholas to identify trends and help moderate our judgements regarding the rate of pupil progress. The following data shows the nature of need in each key stage and how much P level progress was made by pupils across the key stage. It should be noted that in some instances there are no, or very few, pupils in a cohort.
