

Dear Parent / Carers

Re: Transitions

We understand that these are extreme and unprecedented times; I am sure that you and your family have a number of anxieties around the current situation and, in addition, concerns around transition for your child.

Please could I reassure you that we are working in every way we can with Canterbury College to try to put together a transition pack to support your young person in the event that they are not able to offer any physical transition preparation in the summer term.

We are also chasing KCC to ensure that sufficient information is shared and that offers have been accepted by Canterbury College, as it has been bought to our attention there is a delay in the current process.

Once Canterbury College do offer your child a place and the local authority approve it; you will receive a letter and information pack from Canterbury College. Please feel free to contact them with any additional questions or alternatively contact me or your child's teacher for further advice and support.

Unfortunately at this time we are unable to clarify transition arrangements; however please do let us know if there is any information or activities we can put together to support you and your child at this time.

We wish you all well at this time and hope to see you soon.

Stay safe.

Best wishes

Louise Huddlestone 14-19 Lead
