Grammar

This week, we have been learning about using capital letters for names and I.

- We already know that capital letters are used at the start of sentences.
- Capital letters are also needed at the beginning of some words, such as the names of places and the names of people.
- Capital I is used instead of your name when writing about yourself.

Kit reminds us when and where to use a capital letter.

Stretch up tall to make a big capital 'K' shape.
