

St Peter's Catholic Primary School

"Jesus is at the heart of all that we do."

Accessibility Policy and Plan for St Peter's Catholic Primary School (2018-21)

This policy is drawn up in accordance with the planning duty in the Disability Discrimination Act 1995, as amended by the SEN and Disability Act 2001 (SENDA). It draws on the guidance set out in 'Accessible Schools: Planning to increase access to schools for disabled pupils', issued by DfES in July 2002.

Definition Disability

Disability is defined by the Disability Discrimination Act 1995 (DDA): 'A person has a disability if he or she has a physical or mental impairment that has a substantial and long-term adverse effect on his or her ability to carry out normal day to day activities.' The definition includes people with a Hearing or Visual Impairment, Cerebral Palsy, Muscular Dystrophy, mental health issues and incontinence. People with ADHD, Autistic Spectrum Disorder, Downs Syndrome and Hydrocephalus are included. Medical conditions such as Cystic Fibrosis, severe Asthma, Diabetes, Cancer, Multiple Sclerosis, Epilepsy, Sickle Cell Anaemia and HIV are deemed disabilities. Facial disfigurement, severe Dyslexia, gross obesity and diagnosed eating disorders are all included.

If a person has been disabled in the past (for example, those who have recovered from cancer and people with a history of mental illness) they are still covered by the legislation for the rest of their life.

Key Objective

To reduce and eliminate barriers to access to the curriculum and to full participation in the school community for pupils, and prospective pupils, staff, volunteers, parents and visitors with a disability.

Principles

Compliance with the DDA is consistent with the School's aims and single equalities, and the operation of the schools' SEN Policy;

The school recognises its duty under the DDA (as amended by the SENDA):

- Not to discriminate against disabled pupils in their admissions and exclusions, and provision of education and associated services
- Not to treat disabled pupils less favourably
- To take reasonable steps to avoid putting disabled pupils at a substantial disadvantage
- To publish an Accessibility Plan

In performing their duties, governors and staff will have regard to the Disability Rights Commission (DRC) Code of Practice (2002).

St Peter's recognises and values parents' knowledge of their child's disability and its effect on his/her ability to carry out normal activities, and respect the parents' and child's right to confidentiality;

The school provides all pupils with a broad and balanced curriculum, differentiated and adjusted to meet the needs of individual pupils and their preferred learning styles; and endorses the key principles in the National Curriculum 2014 framework which underpin the development of an inclusive curriculum;

- Setting suitable learning challenges
- Responding to pupils' diverse needs
- Overcoming potential barriers to learning and assessment for individuals and groups of pupils

Activity

a) **Education and related activities**

St. Peter's will continue to seek and follow the advice of LA services, such as specialist teacher advisers and SEN advisers and appropriate health professionals from the local NHS trusts. The schools SENCO, in conjunction with class teachers, has the day-to-day responsibility for monitoring the progress and attainment of pupils with disabilities, and ensuring reasonable adjustments are made to enable them to access the curriculum, and wider school activities. This may include the deployment of teaching assistants appropriate to facilitate participation.

Staff will be provided with appropriate training to enable them to devise a curriculum which seeks to remove potential barriers to learning and addresses the needs of all pupils. The curriculum will also include opportunities to raise awareness of disability in order to promote understanding.

b) **Physical environment**

The school design is suited to providing physically disabled access as there are designated disabled car park spaces available, we are on a flat site where all pupils have direct access into their classroom from the playgrounds, and where there are steps in EYFS/KS1 playgrounds then handrails have been fitted (handrails to KS2 classrooms will be installed when the need is required) and there is a disabled toilet with a bed for changing. The school will take account of needs of pupils and visitors with physical difficulties and sensory impairments when planning and undertaking future improvements and refurbishments of the site and premises.

c) **Provision of information**

The school will make itself aware of local services, including those provided through the LA, for providing information in alternative formats when required or requested.
