This privacy notice describes how we collect and use personal information about you, as you are an alumnus with us, in accordance with the UK General Data Protection Regulation (UK GDPR).

Following Brexit, Regulation (EU) 2016/679, General Data Protection Regulation (GDPR) was incorporated into UK law as retained EU law and is now known as the UK GDPR. The UK GDPR operates alongside the Data Protection Act 2018, which supplements it by setting out additional provisions on matters such as the processing of personal data in specific sectors, exemptions, the powers of the Information Commissioner, and enforcement. The Data (Use and Access) Act 2025 further amends both the UK GDPR and Data Protection Act 2018 to modernise UK data protection rules and clarify certain rights and obligations. The GDPR continues to apply within the EU and to organisations that process personal data of individuals located in the EU.

This privacy notice applies to all alumni.

Who Collects this Information

St Peters Catholic High School is a “data controller” of personal data and gathers and uses certain information about you. This means that we are responsible for deciding how we hold and use personal information about you.

Under data protection legislation we are required to notify you of the information contained in this privacy notice. This notice does not form part of a contract to provide services, and we may update this notice at any time.

It is important that you read this notice, along with any other policies mentioned within this privacy notice, so you understand how we are processing your information and the procedures we take to protect your personal data.

How we use your Information

We will only use your personal information when the law allows us to. Most commonly, we will use your information in the following circumstances:

- Where we need to comply with a legal obligation (such as health and safety legislation, under statutory codes of practice).
- Where it is necessary for our legitimate interests (or those of a third party) and your interests, rights and freedoms do not override those interests.

- Tailor the communications we send to you, to ensure they are appropriate and relevant.

Some grounds for processing will overlap and there may be several grounds which justify our use of your personal information.

We will only use your personal information for the purposes for which we collected it, unless we reasonably consider that we need to use it for another reason and that reason is compatible with the original purpose.

How we use Particularly Sensitive Information

Sensitive personal information (as defined under the UK GDPR as “special category data”) require higher levels of protection and further justification for collecting, storing, and using this type of personal information. We may process this data where we have a lawful basis to do so and one of the following conditions applies:

- Where necessary to protect your vital interests (or those of another person) and you are unable to consent;

We may need to share your data with third parties, including third party service providers where required by law, where it is necessary to administer the working relationship with you or where we have another legitimate interest in doing so. These include the following:

- Other schools within the Trust;

The recipient of the information will be bound by confidentiality obligations, we require them to respect the security of your data and to treat it in accordance with the law.

Retention Periods

Except as otherwise permitted or required by applicable law or regulation, the school only retains personal data for as long as necessary to fulfil the purposes they collected it for, as required to satisfy any legal, accounting or reporting obligations, or as necessary to resolve disputes. We will retain your data for as long as you remain a member of our alumni and up to a year afterwards (or longer if the law requires us to, e.g., for financial records).

Security

We have put in place measures to protect the security of your information (i.e., against it being accidentally lost, used, or accessed in an unauthorised way). In addition, we limit access to your personal information to those employees, agents, contractors and other third parties who have a business need to know.

You can find further details of our security procedures within our Data Breach Policy and our Information Security Policy.

Automated Decision Making

Automated decision making takes place when an electronic system uses personal information to make a decision without human intervention. We are required to ensure that appropriate safeguards are in place when using automated decision making for significant decisions and the circumstances in which we are permitted to use special category data (sensitive information) in automated decision making are limited.

You will not be subject to automated decision making for significant decisions unless we have a lawful basis, and a valid condition where required, for doing so and appropriate safeguards are in place. Appropriate safeguards include informing the relevant individuals about the automated decision making and their rights to request a human review, express their views, and contest the decision.
