Behaviour grades and descriptors

Behaviour Grade	Descriptor
Very high standard	Your child consistently demonstrates exemplary behaviour. They show respect for others, follow school rules diligently, and contribute positively to the school community. They are a role model for other students.
Good	Your child generally meets the school's high standards for behaviour. They behave appropriately, follow school rules, and interact respectfully with peers and teachers.
Below expectation	Your child's behaviour shows room for improvement. They may struggle with following rules, respecting others, or maintaining appropriate conduct which allows everyone else to learn. We will continue to work together to support them in meeting the school's behavioural standards.

Overall Approach to Learning

Overall Approach to Learning Grade	Descriptor
Very high standard	Your child consistently shows a highly positive attitude towards learning. They are enthusiastic, motivated, and often take the initiative to go beyond what is required. They consistently show an exceptional commitment to their studies both in class and independently.
Good	Your child shows a positive approach to their studies. They engage well in class activities, put in a reasonable effort, and demonstrate a good attitude towards learning both in class and independently.
Below expectation	Your child's attitude to learning shows room for improvement. They may be less engaged, struggle with motivation, or not put in the necessary effort whether that is in class or independently. We will continue to help them develop a more positive and proactive approach to their learning.
