

# Year 2 Spring Term 2025

## Coastline

### Computing

In computing we are getting more confident with using a keyboard to type. We are also revisiting online safety.

### Art

This project teaches children about the visual elements of flowers, including shape, texture, colour, pattern and form. They also explore various artistic methods, including drawing, printmaking and 3-D forms, using paper and clay.

### Science

First we will learn about the uses of everyday materials and how materials' properties make them suitable or unsuitable for specific purposes. Then we move on to observing the growth of plants firsthand, recording changes over time and identifying what plants need to grow and stay healthy.

### Religious Education (RE)

In RE we will explore Hanukkah- the Jewish festival of lights. We then move on to Jumu'ah- Friday prayers.

### Geography

This teaches children about the physical and human features of coastal regions across the UK, including an exploration of the coastal town of Whitby, in Yorkshire.

### DT

Here we learn about making and strengthening structures, including different ways of joining materials.

### Music

In Music we are learning Rock and Reggae style songs.

### PSHE

In our PSHE lessons we are discussing what helps us stay healthy and why money is important.

### Physical Education (PE)

In PE we are working on our teamwork, fitness and communication skills. We are then moving on to gymnastics and target games.
