

Badgers Learning Update

Week Ending 03.05.24

It has been another very busy but fun week in Team Badgers.

This week in Geography, we have started continued learning about volcanoes, looking at their different parts.

In science, we have continued our topic on 'Plants'. This week, we learnt about flowers. We have dissected them identified their different parts. We learnt about the function of each of the parts, and how they help the creation of new plants. We've learnt lots of new words such as: stigma, carpel, anther and many more!

In P.E. this week, we have continued our topic on tag rugby. We have been learning how to pass the ball whilst moving—which we've found out can be very difficult!

Have a lovely weekend,

Many thanks

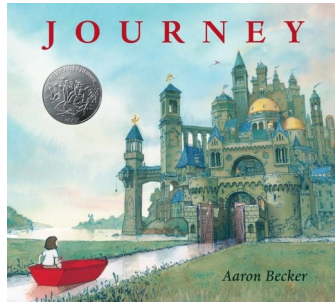

Mrs Machin, Miss Cooper, Mrs McGann

English

This week we have been learning about speech punctuation.

We've come back to speech a lot this year as it is very tricky to master!

Please complete the attached worksheet where you need to create a sentence or two about each picture, including the speech from the character in it. Remember to punctuate it correctly!

Science

The Institute of Physics have some fun activities for children to try at home, to help engage them in scientific investigations. Have a go at this activity. What have you found out? Upload a photo or a video to your Showbie if you have a go at this.

Maths

This week, children have started a new topic on 'Time'. We have started by recapping some of the basics from year 2 of telling the time to quarter past and quarter to as lots of us still find this tricky. Have a practise using the attached sheet.

Another great way to practise telling the time is to do it lots at home! Grown ups, can you ask the children lots of times throughout the day what the time is? Can they get it right?

Reading Records

Children should be reading regularly at home, and in Year 3, we want them to develop more independence.

We have talked about the new reading diaries, and how they look slightly different. Children have been encouraged to start to complete these themselves. However, they might want a bit of help for the first few weeks, so please do have a look. It is important that the children complete the book review section once they have read a

Spelling

Each week in spellings, children will be given a set of spellings linked to the spelling rule they are learning about, and some spellings form the Year 3 and 4 spelling list. These spellings will be changed every **two weeks** to ensure that the children are spending enough time learning them. We will test these spellings every Friday.

Please find attached the spellings. Keep practising and try and write your spellings in sentences so that you understand what each word means. You can upload a photo of any work you have done to practise, or complete the sheet on Showbie.

Weekly reminders

Wednesday –PE afternoon (come to school in PE kit)

Thursday –whole class music lesson. Please remember to bring in your Ukulele.

Tuesday 21st May 2pm –Year 3 parent and pupil plant pot painting
