

# Badgers Learning Update

## Week Ending 21.06.24

It has been a super busy week in Team Badgers this week.

We have had assessment week this week, so all the children have been working super hard in maths and reading tests to 'show off' what they can do. A very big well done to everyone—you have worked so hard this week and we are really proud of your determination, resilience and excellence.

In art this week, the children have learnt about different way to join card to make sculptures. They have learnt how to cut tabs into cardboard, to enable it to stand up-, how to twist and fold cardboard. Also they have learnt how to tie card together, as well as cut slots to join.

In PSHE this week, we have looked at the differences between the bodies of boys and girls. We have looked at which body parts both boys and girls have, along with which are specific to each gender. We have learnt the scientific names for these body parts and also, discussed body parts that are private.

Many thanks

Mrs Machin, Miss Cooper, Mrs McGann

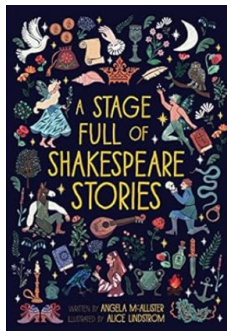

### English

This week, we have been writing playscripts. As part of this we have learnt how to set out the character names and what they say, as well as how to add stage directions.

Can you write your own play script this week?

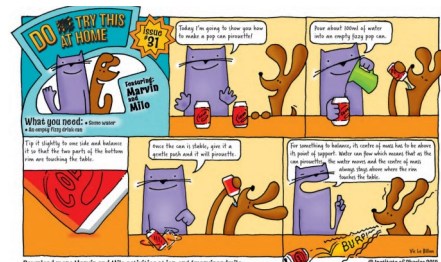

It could be a completely made up play, or it could be a playscript of something that has happened or something you have done with your family.

Remember to lay it out correctly, show character lists, set the scene and add stage directions.

### Science

The Institute of Physics have some fun activities for children to try at home, to help engage them in scientific investigations. Have a go at this activity. What have you found out? Upload a photo or a video to your Showbie if you have a go at this.

### Maths

This week, children have continued their topic on 'Fractions'. We have been adding fractions with the same denominator.

Please have a go at the attached worksheet on the addition of fractions. If you are finding any of the questions tricky, use the link for the teaching video, to help and support you with this (link on Showbie). It would be lovely to see some photos uploaded of children counting and using money in real life.

### Reading Records

Children should be reading regularly at home, and in Year 3, we want them to develop more independence.

We have talked about the new reading diaries, and how they look slightly different. Children have been encouraged to start to complete these themselves. However, they might want a bit of help for the first few weeks, so please do have a look. It is important that the children complete the book review section once they have read a

### Spelling

Each week in spellings, children will be given a set of spellings linked to the spelling rule they are learning about, and some spellings from the Year 3 and 4 spelling list. These spellings will be changed every **two weeks** to ensure that the children are spending enough time learning them. We will test these spellings every Friday.

Please find attached the spellings. Keep practising and try and write your spellings in sentences so that you understand what each word means. You can upload a photo of any work you have done to practise, or complete the sheet on Showbie.

### Weekly reminders

Wednesday –PE afternoon

Thursday –whole class music lesson. Please remember to bring in your Ukulele.

Thursday 27th June –Ukulele Concert

Thursday 11th & Friday 12th July - School Sleep over
