

PE

In PE, children will be completing units on dance and games (ball skills)

Curriculum Map - Autumn 2

Team Meadow

PSHE

The theme for this half term is Celebrating Difference. Children will have a better understanding of bullying and how they can stand up for others.

English Reading

During Autumn 2 of Year 2, children will begin Little Wandle Fluency. Within this scheme children will gain the skills and confidence to become increasingly fluent readers. This will also be paired with Little Wandle 'Bridge To Spelling', where children will be taught the foundational skills for spelling.

English Writing

The text we will be focusing on in our writing lessons is 'The Great Fire of London' by Emma Adams and James Weston Lewis. The main outcome of this unit is to write a non-fiction fact sheet. The children will also be focusing on the following punctuation and grammar:

Using co-ordination (but and or)
Adding 'ly' to turn adjectives into adverbs.
Using commas to separate items in a list.

Maths

In maths this half term, children will be continuing to work on the formal written methods for addition and subtraction. They will then move onto a unit on multiplication and division using 2s, 5s and 10s. Later on in the half term children will complete units on measurement - specifically length and mass.

Science

In science, children will be learning about microhabitats, which will build on their knowledge from the habitats unit in Autumn 1. They will also develop their scientific skills as they learn that scientists use a range of skills to answer questions. Children will get to conduct a survey to find out where different minibeasts live around our school.

Geography

In geography this half term, children will complete a unit called 'Our World'. They will learn the 7 continents and 5 oceans of the world. They will be able to identify and locate these on a map. The children will become familiar with some countries within each continent including physical and human features. They will use a compass to identify locations of places in relation to each other.

History

In history this half term, children will study the life of Queen Victoria and stories of her. They will learn about what life was like, focussing on the art and technology within this period. They will learn about life in Victorian London, Brunel and Transport within this period.

Music

In music children will complete a unit called 'Musical Storytelling' where they will learn about orchestral instruments.

Art and Design

In Art and Design children will work on a unit around understanding tone and texture. Children will explore how artists use tone and texture, applying this knowledge in their own observational drawings.

RE

In RE children will be learning about Humanism and what people who follow this religion believe.

Computing

In Computing children will complete a unit called 'iSearch' where they will learn to use the internet effectively to answer questions and verify information.

Value or Trait of the Half Term
