

**Modern Foreign Languages Policy**

**Summer 2020**

**Teaching and Learning**

As the UK is becoming an increasingly multicultural society, we have a duty to provide our children with an understanding of other cultures and languages. The MFL provision at throughout school in key stage 1 and key stage 2 is designed to reflect this and also takes into consideration the primary MFL entitlement as set out in the National Curriculum 2014.

The key elements of MFL learning are

- Our language learning is inclusive and enjoyable for all children in key stage 1 and key stage 2.
- Year 1 will start French lessons in the spring term.
- The main language we study is French.
- Children are exposed to another language and cultures through clubs and specifically designed days.
- The curriculum also encompasses learning about French life and culture as well as other countries and cultures.
- Children spend most of their time in language lessons speaking, listening, writing, reading and interacting with each other. This emphasis on communication, including language learning's important role in effective communication as well as a key foundation for literacy. However, we also cover grammar and vocabulary.

Children join in with singing, reciting rhymes and poems, and respond to stories. They play games, take turns and experiment creatively with language. Although it enjoys much more linguistic diversity than in the past, England remains a place where the motivation to learn another language is affected by the position of English as a widely spoken, world language. This makes it even more important that we give all children the chance to learn a language in order to gain insights into their own lives and those of others around the world. Children need the chance to learn about people in other countries and cultures and to reflect upon their own cultural identities and those of other people. Learning French, and providing the ability to access other languages, helps to promote aspiration for travel, tolerance of other cultures, understanding of the world and to broaden life experiences.

**Planning**

The planning developed for Key Stage 2 will target objectives taken from the National Curriculum 2014, through the scheme "Language Angels". Each year group in KS2 will have its own programme of study, each building on learning from the previous year and each contributing to a secure development of the National Curriculum objectives as seen below. Evidence of their work will be seen in class books.

The key stage 1 curriculum will be seen as more of an introduction to French and to encourage and foster the children's interest in speaking a new language. This planning has been developed by Language Angels. Year 1 children will start learning French in the Spring term. Children's work will be evidenced in a class book.

## **Language Angels MFL policy**

### **Intent**

St Saviour's C of E Academy intends to use the Language Angels scheme of work and resources to ensure we offer a relevant, broad, vibrant and ambitious foreign languages curriculum that will inspire and excite our pupils using a wide variety of topics and themes. All pupils will be expected to achieve their full potential by encouraging high expectations and excellent standards in their foreign language learning - the ultimate aim being that pupils will feel willing and able to continue studying languages beyond key stage 2. French has been chosen at St Saviour's C of E Academy, as our local high school teach French to secondary students.

The four key language learning skills; **listening, speaking, reading** and **writing** will be taught and all necessary **grammar** will be covered in an age-appropriate way across the primary phase. This will enable pupils to use and apply their learning in a variety of contexts, laying down solid foundations for future language learning and also helping the children improve overall attainment in other subject areas. In addition, the children will be taught how to look up and research language they are unsure of and they will have a bank of reference materials to help them with their spoken and written tasks going forward. This bank of reference materials will develop into a reference library to help pupils recall and build on previous knowledge throughout their primary school language learning journey.

The intent is that all pupils will develop a genuine interest and positive curiosity about foreign languages, finding them enjoyable and stimulating. Learning a second language will also offer pupils the opportunity to explore relationships between language and identity, develop a deeper understanding of other cultures and the world around them with a better awareness of self, others and cultural differences. The intention is that they will be working towards becoming life-long language learners.

### **Implementation**

All classes will have access to a very high-quality foreign languages curriculum using the Language Angels scheme of work and resources. This will progressively develop pupil skills in foreign languages through regularly taught and well-planned lessons in key stage 1 and key stage 2, which will be taught by class teachers and teaching assistants.

Children will progressively acquire, use and apply a growing bank of vocabulary, language skills and grammatical knowledge organised around age-appropriate topics and themes - building blocks of language into more complex, fluent and authentic language.

All teachers will know where every child is at any point in their foreign language learning journey.

The planning of different levels of challenge and which units to teach at each stage of the academic year will be addressed dynamically and will be reviewed in detail annually as units are updated and added to the scheme. Lessons offering appropriate levels of challenge and stretch will be taught at all times to ensure pupils learn effectively, continuously building their knowledge of and enthusiasm for the language(they are learning.

**Early Language** units are entry level units and are most appropriate for KS1 and Year 3 pupils or pupils with little or no previous foreign language learning.

**Intermediate** units increase the level of challenge by increasing the amount and complexity (including foreign language grammar concepts) of the foreign language presented to pupils. Intermediate units are suitable for Year 4-5 pupils or pupils with embedded basic knowledge of the foreign language.

**Progressive** and **Creative Curriculum** units are the most challenging units and are suitable for Year 6 pupils or pupils with a good understanding of the basics of the language they are learning. Grouping units into these **Teaching Type** categories ensures that the language taught is appropriate to the level of the class and introduced when the children are ready. Children will be taught how to listen and read longer pieces of text gradually in the foreign language and they will have ample opportunities to speak, listen to, read and write the language being taught with and without scaffolds, frames and varying levels of support.

Units, where possible and appropriate, will be linked to class topics and cross curricular themes. Children will build on previous knowledge gradually as their foreign language lessons continue to recycle, revise and consolidate previously learnt language whilst building on all four language skills: **listening, speaking, reading** and **writing**. Knowledge and awareness of required and appropriate grammar concepts will be taught throughout all units at all levels of challenge. Teachers are provided with a **Progression Map** and **Grammar Grid** to ensure all children are progressing their foreign language learning skills and are taught the appropriate grammar at the right time in their foreign language learning journey. Grammar rules and patterns will be taught by level of challenge:

- We start with **nouns** and **articles** and **1st person singular of high frequency verbs** in **Early Learning** units.

- We move on to the use of the **possessive**, the **concept of adjectives**, use of the **negative form**, **conjunctions/connectives** and introduce the **concept of whole regular verb conjugation** in **Intermediate** units.
- We end with **opinions** and introduce the **concept of whole high frequency irregular verb conjugation** in **Progressive** units.

Grammar is integrated and taught discreetly throughout all appropriate units. Teachers can also use the specific **Grammar Explained** units to ensure pupils are exposed to all of the appropriate grammar so they are able to create their own accurate and personalised responses to complex authentic foreign language questions by the end of the primary phase.

The **Progression Map** shows precisely how pupils show foreign language learning across the key skills of **speaking, listening, reading, writing** and **grammar** progresses **within** each Language Angels 'Teaching Type' and also how the level of learning and progression of each pupil is increased as pupils move **across** each subsequently more challenging Language Angels 'Teaching Type'.

The school has a **unit planner** in place which will serve as an overall 'teaching map' outlining for all teachers within the school what each class in each year group will be taught and when it will be taught. Each class in each year group will have an overview of units to be taught during the academic year to ensure substantial progress and learning is achieved. Each teaching unit is divided into 6 fully planned lessons.

- Each unit and lesson will have clearly defined objectives and aims.
- Each lesson will incorporate interactive whiteboard materials to include ample **speaking** and **listening** tasks within a lesson.
- Lessons will incorporate **challenge sections** and desk-based activities that will be offered will three levels of stretch and differentiation. These may be sent home as homework if not completed in class.
- **Reading** and **writing** activities will be offered in all units. Some extended reading and writing activities are provided so that native speakers can also be catered for.
- Every unit will include a **grammar concept** which will increase in complexity as pupils move from **Early Language** units, through **Intermediate** units and into **Progressive** units.
- Extending writing activities are provided to ensure that pupils are recalling previously learnt language and, by reusing it, will be able to recall it and use it with greater ease and accuracy. These tasks will help to link units together

and show that pupils are retaining and recalling the language taught with increased fluency and ease.

Units are progressive within themselves as subsequent lessons within a unit build on the language and knowledge taught in previous lessons. As pupils progress through the lessons in a unit they will build their knowledge and develop the complexity of the language they use. We provide blocks of language knowledge and, over the course of a 6-week unit, encourage pupils to build more complex and sophisticated language structures with their blocks of language knowledge.

**Pupil learning and progression** will be assessed at regular intervals in line with school policy. Teachers will aim to assess each language skill (**speaking, listening, reading and writing**) at the end of each unit to be able to provide reference points against which learning and progression in each skill can be demonstrated.

### **Impact**

As well as each subsequent lesson within a unit being progressive, the teaching type organisation of Language Angels units also directs, drives and guarantees progressive learning and challenge. Units increase in level of challenge, stretch and linguistic and grammatical complexity as pupils move from Early Learning units through Intermediate units and into the most challenging Progressive units. Units in each subsequent level of the teaching type categories require more knowledge and application of skills than the previous teaching type. Activities contain progressively more text (both in English and the foreign language being studied) and lessons will have more content as the children become more confident and ambitious with the foreign language they are learning.

Early Learning units will start at basic noun and article level and will teach pupils how to formulate short phrases. By the time pupils reach Progressive units they will be exposed to much longer text and will be encouraged to formulate their own, more personalised responses based on a much wider bank of vocabulary, linguistic structures and grammatical knowledge. They will be able to create longer pieces of spoken and written language and are encouraged to use a variety of conjunctions, adverbs, adjectives, opinions and justifications.

Pupils will continuously build on their previous knowledge as they progress in their foreign language learning journey through the primary phase. Previous language will be recycled, revised, recalled and consolidated whenever possible and appropriate.

Teachers will have a clear overview of what they are working towards and if they are meeting these criteria. They will use the **long-term planning** documents provided in the form of **Language Angels unit planners** to ensure the correct units are being taught to the correct classes at each stage of the scholastic year. **Short-term planning** is also provided in the form of **unit overviews** (covering the learning

targets for each 6-week unit) and **individual lesson plans** laying out the learning aims and intentions of each individual lesson within a unit. These planning documents ensure that teachers know what to teach and how to teach it in each lesson, across whole units and across each scholastic term.

Pupils will be aware of their own learning goals and progression as each unit offers a pupil friendly overview so that all pupils can review their own learning at the start and at the end of each unit. They will know and will be able to articulate if they have or have not met their learning objectives and can keep their unit learning intention sheets and unit core vocabulary sheets as a record of what they have learnt from unit to unit and from year to year.

The opportunity to assess pupil learning and progression in the key language skills (speaking, listening, reading and writing) and against the 12 DfE Languages Programme of Study for Key Stage 2 attainment targets is provided at the end of each 6-week teaching unit. This information will be recorded and will be monitored by the Foreign Language Subject Leader who can use this data to ensure teaching is targeted and appropriate for each pupil, class and year group as well as to feedback on progress to SLT and stakeholders. Teachers will be able to record, analyse and access this data easily using the Tracking and Progression Tool that will monitor school, class and individual progress in the foreign language. Pupils will also be offered self-assessment grids to ensure they are also aware of their own progress which they can keep as a record of their progress.

Children are expected to make good or better than good progress in their foreign language learning and their individual progress is tracked and reported to pupils and parents / carers in line with school recommendations.

If pupils are not progressing in line with expectations, this will be identified in the End of Unit Skills Assessments provided in the Language Angels Tracking & Progression Tool. This will enable teachers to put in place an early intervention programme to address any areas that require attention in any of the language learning skills.

### **Inclusion**

Each class at St Saviours Academy contains children with a wide range of abilities and we seek to provide suitable learning opportunities for them all by matching the challenge of the task to the ability of the child. This means that, where appropriate, written work will be differentiated according to ability. MFL is, however, a highly inclusive subject and although the principle aim of the teaching is to develop children's knowledge, skills and understanding, there is also an emphasis on enjoyment. MFL is taught to all KS1 and KS2 children of all abilities and individual needs. We strive to meet the needs of those pupils with special educational needs, those with disabilities, those with special gifts and talents and

those learning English as an additional language (EAL) and we take all reasonable steps to achieve this.

B. Stephenson

**Policy to be reviewed Summer 2023.**
