

Where is Stoke-on-Trent?

We will be looking at maps to identify different countries, focusing in on where Stoke-on-Trent is, in England. We will be locating the 6 towns of the city and using the 8 points of a compass when discussing this, alongside different activities in the local area using compasses.

How has it changed?

We will be looking at the local area and discussing how different things have changed, including the pottery industry, mining and the development of the local area

What are we famous for?

We are going to be looking at different aspects of Stoke-on-Trent, exploring what we are famous for. This will include the major pottery industry and famous public figures.

The local Area

We will be conducting our own fieldwork this term by carrying out a traffic survey of the local area. We will also be drawing our own map based on a walk close to school and investigating land use in the area around school.

Art

In art this term, we are going to be developing our sketching skills. We are going to be creating a sketch of a local landmark, incorporated with photography.

English and Maths Link

We will be writing a fact file about different historical figures from our local area. We will also be conducting a survey, turning our results into bar graphs and analysing the results.

**POTTY ABOUT
THE POTTERIES!**
