

Nursery – Summer 2

**Our book
this term:
Somebody
Swallowed
Stanley**

Can you help?

(resources or sharing expertise):

Do your bit for our
environment.

Collect junk modelling materials and bring them into school. Things to include - cereal boxes, clean plastic bottles, clean lids, clean egg boxes (no toilet rolls please)

Our themes:

- Father's Day
- Taking care of Our Wonderful World
- Sports week
- My Happymind: Appreciate
- Journeys - Transition to Reception

Ways to support learning at home:

* Snuggle up and share a book – Create yourself a reading den or cosy corner. Enjoy sharing books about caring for our environment

* Go on a litter pick around your local area or encourage your child help you sort your recycling into the correct bins

* Get active and create your own obstacle course in an outdoor space or plan your own family sports event – Design a programme of events and design and make medals or certificates

* Create a memory jar of your time in Nursery - Reflect on things you have achieved, found challenging and things that have happened during the year or create a special box of items that will tell your new teacher all about you
