

Date: Tuesday, 25th March 2025

In Attendance: JR, AMS, MOH, ASi, CT, PC CF SL

Staff: MF

Apologies: No one from Primary came

Topics:

- Students bringing information and feedback from their class pupils to me to bring to SLT.

Notes:

» Pupil voice representatives' feedback on lunch times.

- Happy that portions have got bigger.
- Happy that they are sticking to the menu.
- Students very happy about the extended lunch times and thinks its working better and that all students get enough time to eat now.

» Pupil voice representatives discussed the toilets of both secondary and reach.

- Toilet roll is not being re stocked up and is always half empty boys don't get any and sometimes boys need to go for a poo and find it embarrassing asking for toilet roll.
- Soap dispenser not working in secondary
- All the toilets both sides of the school always have a stench/smell could there be air freshners in them.

» Pupil voice representatives feedback in general

-Pupils are asking where secondary bike rack is getting made as it's been a long time since got told its arrived, they said students don't feel their bikes are safe, and that when a student is heightened it gets taken out on their bikes. Also, with the weather bikes chains and seats getting ruined

- All students like that there is more trips and different ones on offer.

- Secondary students very loud and noisy when going to art/OS lessons
 - All students seem to see that there has been a positive change in the way the school is being run, with the leadership team.
 - Pupils still waiting for after school clubs to be available.
- » SLT to discuss and give feedback so Maria can let them know the outcomes.
