

Behaviour & Attitudes and Personal Development Process

Teaching teams, including class teachers, specialists, and Multi-Agency Support Team (MAST), place the Education, Health and Care Plan at the heart of provision planning.

Short and medium term planning integrate aims for both components: Behaviour & Attitudes alongside Personal Development.

The school has a monitoring system that links attendance into this process. This ensures referrals are systematic and any interventions or higher tier support is targeted.

This process links to the Planning and Assessment Cycles:
