

Curriculum vision and mission

At Swiss Cottage school we aim to work collaboratively to meet young people at their point of learning. We want them to develop practical skills in a positive and stimulating environment. Through personalised learning we strive to unlock young people's potential and maximise their progress.
We want them to be healthy, safe, happy, successful and valued. We are committed to the progress and accountable for learners' achievement.

We want to enable all young people to become:

Successful learners who enjoy learning, make progress and achieve

Confident individuals who are able to live safe, healthy and fulfilling lives

Responsible citizens who make a positive contribution to society

Components

Lessons Learning outside the classroom Communication Personalised Learning Behaviour Environment Routines
