5th November 2021

We are so pleased to welcome back the school community after the half term break. Thank you to the parents that have contacted seeking a support letter to help your carers and support workers gain access to the early COVID-19 booster programme.

[The support letter is located on this webpage.](#)

We can also print this for you if you feel a copy is needed for their appointment with their GP. Please inform your teacher through the home-school communication book and we will get a printed copy in your child's bag on Monday.
