

1<sup>st</sup> July 2021

Dear Families,

At the end of the day today, a Lower School pupil had a very serious medical emergency. Two class teams worked together to support an immediate response before emergency services arrived.

Any family that were at the school for the end of the day pick-up may have seen the arrival of ambulances, an air ambulance, and a police team. The police team must come because of the critical medical emergency.

The child and her family are now at the hospital.

We will share an update once it comes through, and advise if there is anything the family need from you as their parent community. They will feel strength knowing they are in your thoughts.

Thank you for the support and understanding on behalf of the family and class teams.

Yours Sincerely,

Vijita Patel	Rebecca Shaw	Mia Dodsworth
