

## Swiss Cottage School Curriculum Focus

8<sup>th</sup> March – 31<sup>st</sup> March 2021

The vision for curriculum underpins our school's 5 curriculum pathways. This enables progress for every child in line with their Education, Health, and Care Plan's goals and aspirations.

We want to underpin this with key themes to support the transition period as we bring our school community back together following the lockdown period of Virtual and Onsite hybrid groups. The school has 7 themes within our transition 'Recovery Curriculum' to support your child's wellbeing as they return to the school building, classroom routines, engage in learning expectations, and interact with the pupils and staff in their class.

Next week will be the initial phased return transition week. You will then receive your child's timetable from the class teacher to support them during this Recovery Curriculum period. Thank you for working closely with us to shape this period.
