

Hello

Have you met our PTA yet?

These are some of the things our PTA does:

Fundraises for the school

Last year, we raised a total of £16,909.67 before costs

Organise events and projects

These can be for families to enjoy, to provide more educational opportunities for pupils and to make improvements to the school

Partner with other community organisations

Through sponsorships, discounted or donated goods and volunteering, we build relationships with community organisations to enhance the school experience for pupils

Engage the local community

By hosting events for both the school and wider community, we're opening up the supporter base for the school

Provide opportunities to make friends

Our PTA is run by parents and staff and is a great way to get to know people
