Faith At Home & Activity Pack For Children & Young Families

St Mary Magdalene Church, Tanworth In Arden

Faith At Home & Activity Pack For Children & Young Families

Thank you for collecting me! I am here to help support parents of young families with building their faith at home and for children to explore and have fun doing so during this difficult time of uncertainty.

There is a large array of resources that I have carefully selected from various sites and Church support groups, and put together for you to take home. Enclosed are lots of activities and ideas for children of various ages to engage with the Bible, build & explore their faith and some easy reflective reading for parents plus, prayers.

Many that work in similar roles to me, have grouped together to share our ideas so we can reach out to children and young families around our community and spread the love of God into lives and homes.

I will also be posting craft and 'Play' ideas each day on my Children & Families Religious Community Facebook Page. If you would like to follow this page, it will also be kept up to date with important notices for The Church as well as the work I do.

I hope you enjoy the pack I have designed for you all.

Stay Safe and God Bless

Rachel Rollason

Children & Young Families Coordinator
