

Our Enhanced Provision for Deaf children

At Tany's Dell school we have an Enhanced Provision for deaf children. We offer highly qualified staff to support deaf children throughout the school from Nursery to Year 6. We have two specialist Qualified Teacher's of the Deaf (QToD) and experienced staff who specialise in working with hearing impaired children. We use a child-centred communication approach using speech and sign language (Signed Supported English and British Sign Language). We work both in mainstream classes and also offer specialist withdrawal lessons and small group work in Base Camp. Our aim is to provide each child with a safe, inclusive environment to enable them to reach their full potential. All children are fully included in mainstream activities.

Communication Support for pupils

The Enhanced Provision at Tany's Dell Primary School follows a child centred approach to communication and as such, staff will use either one of *or* a combination of the following communication methods when supporting individual pupils in class:

- *Spoken English (with necessary amplification equipment in place – see above)
- *Sign Supported English (SSE)
- *British Sign Language (BSL)

Children will have access to a trained member of staff to support them with their learning.
