

## OUR VISION FOR ART AT TANY'S DELL

Our ambition is to inspire, in our mini 'artists', a sense of passion about art and how it can tell a story through visual language to express emotions, convey insights and accentuate individuality. Our children will have the opportunity to draw and paint adventurously from their observations, memories and imaginations with confidence, as well as motivating children to develop their own sense of originality in their artwork. Our children will develop their own creativity to communicate in a tactile form and secure an impressive knowledge of artists, craft makers and designers from different periods of time and from around the world throughout their school life.

### OUR THREE BIG IDEAS

1	<b>Painting</b>	know the terminology for colours (primary, secondary, tertiary, complimentary, etc.) and mix colours effectively. Children should know and compare key artists in history and explore a varied range of art styles.
2	<b>Drawing</b>	have knowledge and understanding of how to create different effects when sketching and creating tones and shadows.
3	<b>Sculpture</b>	children should have the opportunity to explore different mediums and techniques.

*In order for the children to achieve these we will ensure that:*

- **Children are given regular, opportunities to use different mediums to explore, experiment and test skills taught in lessons.**
- **They need to be provided with many opportunities to mix mediums and try for themselves what works and doesn't work.**
- **Children are exposed to a rich and varied vocabulary relating to art and design.**
- **Children are given flexibility with their drawings – objects, people and drawing from memory.**
