

# Parent Home Learning Awards

*We have enabled a new feature on ClassCharts for parents to be able to give achievement points for students who have worked well on their home learning tasks.*

**How do I access them?** You will see the Award behaviour tab when viewing your ClassCharts account. Selecting this tab will display the achievement that we have set up for you to use.

What behaviour do you want award to Terry?

Parent Home Learning

**How do I award them?** To award a behaviour to your child, click on the behaviour. Once you have confirmed your choice, a green banner will appear to inform you that the behaviour has been successfully awarded.

You have successfully awarded the behaviour

**What is the limit?** If a behaviour type appears greyed out, it means you have reached the daily limit for awarding that behaviour. The daily limit is 4 per day.

Please note: If two parents have an account, the daily limit will be shared.
