### **Year 11 – Preparing for Life After Tarleton**

Dear Parents and Carers,

As we begin a new academic year, we wanted to update you on the support in place to help your child prepare for their next steps after Year 11.

As you may recall, all Year 11 pupils took part in a series of college taster days last year. These valuable experiences gave students the opportunity to explore a range of both vocational and academic courses and, we hope, helped to inspire them to start thinking about the many exciting pathways available to them when they leave Tarleton.

Although it may feel early to begin discussing future plans, it is important that pupils now start to consider what they would like to do after Year 11. Over the coming term, we have a comprehensive programme of support to help guide them through this process:

- **College Assemblies:** Pupils will attend assemblies delivered by local colleges, introducing them to the different opportunities and courses available.
- **Tutor Time Activities:** Students will spend time during tutor sessions researching colleges, discussing course options, and starting to build their personal statements.
- **Lunchtime Drop-ins:** Representatives from local colleges will be available at lunchtime drop-in sessions, giving pupils the chance to ask questions and find out more.
- **Careers Adviser Drop-ins:** On set days, our Careers Adviser will be available for informal drop-ins where pupils can get advice about their options.
- **College Applications Support:** All pupils will take part in planned tutor time sessions where they will complete college applications and work on their personal statements.

- **Careers Appointments:** Every pupil will also be offered a 1:1 careers appointment where they can explore options in more depth and get tailored advice on courses, applications, and career pathways.

Additionally, we encourage you and your child to attend college open days to gain further insight into what each provider offers. Even if you have visited previously, attending again can be a great opportunity to meet staff, ask specific questions, and explore new options.
