

November 11th 2020

Dear Parent,

Confirmed COVID 19 Case Year 9

We have been informed this weekend of a positive case of Covid-19 in Year 9. As a precautionary measure, all students in this year group bubble are being asked to remain at home on Monday 9th November and should remain at home until we can establish all of the close contacts of the child. Online learning will be available, labelled as 'Classwork' on ClassCharts and for more information on our online learning please see our website [here](#).

Here is a link to the most up to date guidance from the government about staying at home <https://www.gov.uk/government/publications/covid-19-stay-at-home-guidance>

We hope to have the appropriate track and trace procedures completed within 24 hours and be in a position to advise you regarding your child's return to school. We will do this safely and swiftly and inform you via text and email.

Thank you for your understanding.

Yours sincerely,

M Cunniffe
