

16.12.19

Dear Parents,

Optional Revision Resources and Personal Texts

In our efforts to ensure that all students maximise their potential within the GCSE examinations we have written to you previously detailing the collated list of recommended revision resources and key texts to support students with the development of their subject knowledge. The vast majority of the texts recommended can be purchased from the Academy, during a half-termly window, using the cashless system.

This list has been compiled in response to requests from parents and students. It is our view that the revision texts and resources are not compulsory purchases, as we cover all relevant material in lessons. They are not essential requirements for completion of the courses. For those who feel these would be beneficial, then we are happy to signpost you to what we would recommend, if this is something you wish to do. There is no expectation from us that students must purchase the revision texts listed. We do, however, strongly recommend that students have personal copies of the texts studied in English Literature and Drama.

In preparation for the new term, the window for ordering through the cashless system will be open from **Tuesday 17th December to Wednesday 8th January 2020**. The purchased resources will then be available for collection within school from **Monday 13th January 2020**. Houses will be advised when their orders are available for collection.

The attached table of resources contains the ISBN of the texts, which can be used to search and order the resources online and in store. This gives you the freedom of choice to order through us or to purchase yourself elsewhere. Please note, you may only cancel an order and receive a refund before the window closes on **Wednesday 8th January 2020**.

If you have any further questions or queries, in the first instance, contact the Head of Faculty for the subject concerned. We hope you find the guidance useful.

Yours faithfully,

M. Cunniffe
