LEADERSHIP & COACHING PROGRAMMES

Joy Morgan was a Senior Leader in Inner London state comprehensive schools for 28 years. Prior to that, she was a Subject Leader, Head of Faculty and a Head of Year, as well as leading across the curriculum in PHSE, High Potential Learning and vocational education. This has given Joy a good understanding of the pleasures and challenges, plus the strategies to overcome them, in pretty much any leadership role in a school!

As a Specialist Leader in Education for Professional Learning, Joy has developed this Exceptional Middle Leadership programme to support the people in a school who really can make significant differences to the achievement and well-being of all learners. It is consistently evaluated as 'excellent'.

Target group: Middle leaders in primary, secondary schools and Sixth Forms. It is most suited to leaders who are new to the role or are in their first few years and want to develop and refine their leadership skills. To get the most out of the programme, participants should line manage at least one person (or be working across the school, e.g. as the Literacy Leader).
