

Year 3 Autumn 1 Home Learning

Due: 19th October 2026

Antarctica Survival Kit: Shackleton's Expedition

Create a Shackleton Survival Kit

Your challenge:

Imagine you are joining Ernest Shackleton on his expedition to Antarctica. You need to pack a **survival kit** to help you survive the freezing temperatures and dangerous conditions.

Create your own **Antarctic Survival Kit**.

You could:

-  Draw your survival kit and label it.
-  Make a model using a box or recycled materials.
-  Design a suitcase showing what you would pack.
-  Create a mini survival-kit booklet.

You must include:

6 important items that you think Shackleton and his crew would need.

For each item, explain:

What is it?

What does it do?

Why would you need it in Antarctica?

For example:

Warm gloves

I would take warm gloves because Antarctica is extremely cold. They would keep my hands warm and protect them from the freezing weather.

Year 4 Autumn 1 Home Learning

Due: 19th October 2026

Antarctica Survival Kit: Shackleton's Expedition

Create a Shackleton Survival Kit

Your challenge:

Imagine you are joining Ernest Shackleton on his expedition to Antarctica. You need to pack a **survival kit** to help you survive the freezing temperatures and dangerous conditions.

Create your own **Antarctic Survival Kit**.

You could:

-  Draw your survival kit and label it.
-  Make a model using a box or recycled materials.
-  Design a suitcase showing what you would pack.
-  Create a mini survival-kit booklet.

You must include:

6 important items that you think Shackleton and his crew would need.

For each item, explain:

What is it?

What does it do?

Why would you need it in Antarctica?

For example:

Warm gloves

I would take warm gloves because Antarctica is extremely cold. They would keep my hands warm and protect them from the freezing weather.

Challenge:

You are now only allowed to take 2 items. Write a short paragraph about what you would take and why.
