

## REDUCE YOUR ENVIRONMENTAL IMPACT

### Recycle your Electrical Items in School

As a school, we are trying to make our community more 'GREEN' and so we have joined over 30 schools across East London to recycle unwanted electrical items. Bring anything with a plug, battery or cable to be recycled in the big pink bin currently outside of the front office.

Search your drawers for old mobile phones, broken cables and devices or other electricals you no longer use. Items smaller than a microwave can be accepted in the pink bins, including batteries contained within items.

Did you know, electrical items wrongly placed in household bins can cause fires when collected and crushed by bin lorries. Always put electrical items in a dedicated recycling container. Never put electricals in any bin at home.
